Subject Title: Comm. Dev. - Zoning Map Amendment ZMA 2020-01 & Public Hearing - 10 A.M.

Presented By: Scott Carpenter

SUMMARY OF INFORMATION/BACKGROUND:

REQUEST

Staff has received a rezoning application from Brent Perkins, owner of Trumade Holdings, LLC to rezone an 0.88 portion of one (1) parcel of land totaling 2.02 acres. The request is to rezone the property from its current zoning of Residential Three (R-3) to the General Business (G-B) zoning district. The property is home to TruLock Storage Solutions. The applicant would like to construct one more storage building at this location at this time.

BACKGROUND AND SITE ANALYSIS

The property has existing mini warehouses on the western half of the property. Property records indicate this use of land dates back to 1988. Prior to 2019, the current property was two (2) separate parcels. The parcel with the mini-warehouses is zoned General Business (G-B) and the adjacent parcel is zoned Residential Three (R-3). In August of 2019, the Trumade Holdings, LLC purchased both parcels and combined them into one parcel (Deed 2421 / Pg. 527).

The parcel is described as follows:

The 911 address of the parcel is 3495 NC 18 S. Morganton, NC. The parcel is further identified in county records as (PIN# 2712910324 and REID# 33856). As mentioned above, the parcel is 2.02 acres. The property currently has four (4) storage buildings with 64 individual storage units. As mentioned above, the applicant is wanting to construct one (1) additional 20-unit storage building at this time. The parcel is located within the Morganton Township of Burke County. The property is located within the Salem Fire District and adjacent to the Salem Fire Station. The parcel is not located within a Water Supply Watershed. The parcel has 450 linear feet of frontage on NC 18 S. and 389 linear feet of road frontage on Zero Mull Road (SR# 1811). The parcel is approximately 1.5 miles from the Morganton city limits. The parcel is not within any Overlay District.

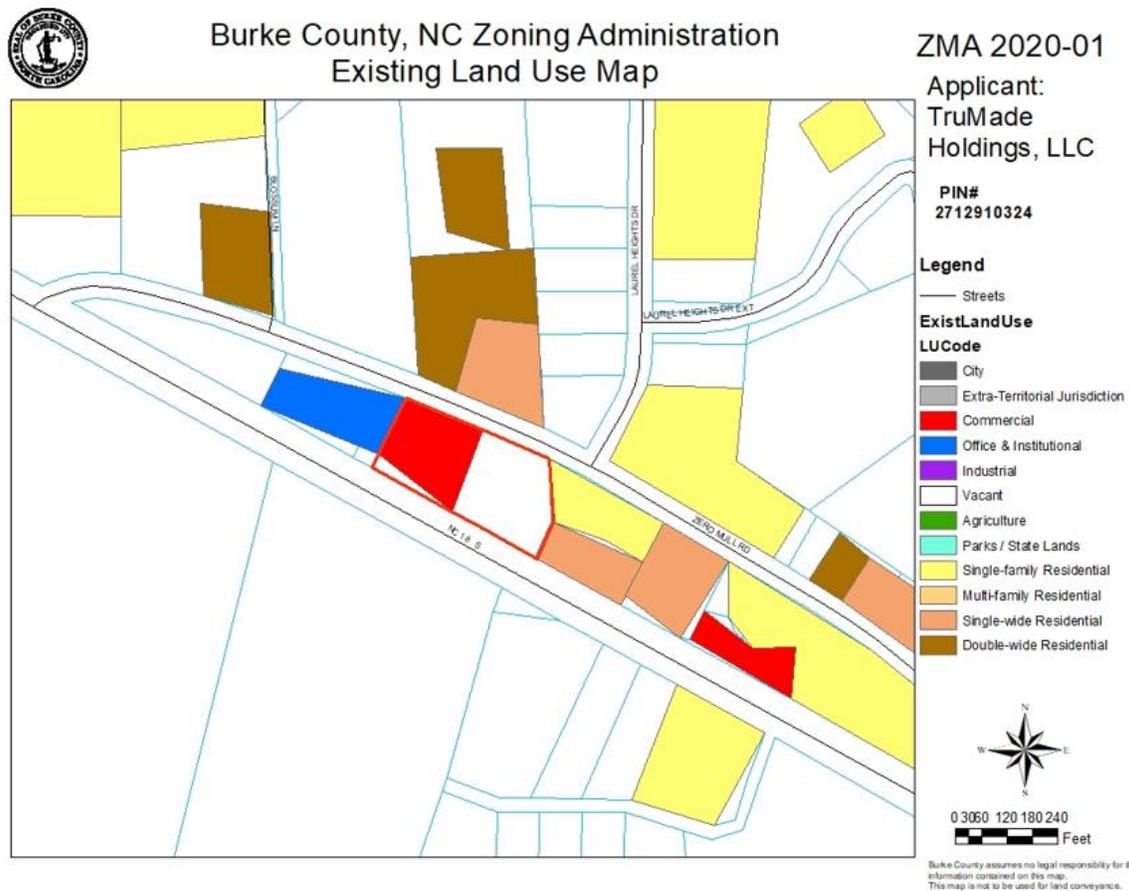

SURROUNDING AREA

The subject parcel and four adjoining parcels to the west are zoned General Business. The zoning to the north, south, and east is Residential Three (R-3) and Residential Two

(R-2). There are multiple scattered site single-family homes in the area as well as one (1) named subdivision (Laurel Heights) to the north on Laurel Heights Drive.

Existing Zoning and Land Uses within the Surrounding Area		
	Current Zoning	Existing Land Uses
North	R-2 / R-3	Scattered site residences / Small Subdivision
South	R-3	Vacant land / Scattered site residences
East	R-3	Scattered site residential
West	General Business / R-3	Public utility / Fire Station / Commercial storage yard

The Existing Land Use Map and the 2018 aerial photo also provide a visual representation of the existing land uses in the area. The current Zoning Map shows where the current zoning districts are located.

The Existing Land Use Map above shows this property as vacant. This again, is due to the fact that this was a separate and vacant parcel of land when the map was created. The map does indicate that the mini-warehousing parcel has a commercial use associated with it. The parcel colored blue indicates an Office/Institutional use which corresponds to the Fire Dept. The two (2) other General Business properties are

mistakenly colored white, indicated vacant land. One parcel is actually a commercial storage yard and the other parcel has a cell tower on it.

CONFORMITY WITH THE COMPREHENSIVE PLAN

The current land use plan for Burke County is the 2016-2030 Blueprint Burke Strategic Land Use Plan. The parcel is located in the Rural Agricultural Area and just on the fringe of a "Secondary Growth Area", (see map below). The Rural Agricultural Area is designated to all areas which are outside of either the Primary Growth Area or the Secondary Growth Area. These areas are typically considered rural in nature and access to infrastructure and utilities will be more limited. Residential uses either scattered among large tracts of land or located within rural residential subdivisions are expected. Other commercial, institutional, and industrial development is expected as needed to support the residential and agricultural nature of the area. Mini-storage facilities would be considered one of those uses which support residential and other land uses.

CONFORMITY WITH THE BURKE COUNTY ZONING ORDINANCE

As stated earlier, the “current” zoning district for this parcel is Residential Three (R-3). The Zoning Ordinance defines the R-3 District as “a less restrictive medium density residential district that allows a broader range of residential uses including single and multi-section mobile homes and a greater variety of compatible non-residential uses in areas that may be less suburban in nature”. Although the R-3 district allows a broader range of non-residential uses, the “Mini-Warehouse” use as defined in Section 402 and regulated within Section 920, is not permitted.

The “proposed” General Business (G-B) District designation “is established to provide suitable locations for those commercial activities which serve the general public, including those which function rather independently of each other”. The Current Zoning Map (below) shows the zoning for the subject parcel and surrounding area. The Zoning Map shows that the subject parcel is adjacent to existing General Business zoning. Although there is also existing residential zoning and residential uses in the area, the proposed use of the land would simply be an expansion of an existing use. In the scheme of commercial development, the proposed mini-warehouse use is less impactful on surrounding properties than other general businesses. The Community Development

Department has never received any complaints regarding the existing mini-storage business.

STAFF COMMENTS

Although, the area surrounding the subject parcel is predominately zoned residential, there are also existing commercial land uses in the area. The mini-storage facility can be considered supportive of different types of uses, including residential use.

Any proposed commercial development would have to go through the Site Development Plan Review process. As part of the Site Plan review, various departments such as NCDOT, Environmental Health, Building Inspections, and others would review the plan for compliance with that department's/agency's own rules, regulations, and ordinances. One of the requirements would be to screen the storage facility from adjacent residential zoning and uses. The existing storage facility is not screened. The applicant is aware that if the rezoning were approved, the entire facility would have to meet the screening requirement. Until the proposed project met all dept./agency requirements, a zoning permit to construct the new storage building would not be issued.

Staff would recommend approval of rezoning the property to General Business for the reasons mentioned above.

PLANNING BOARD RECOMMENDATION

The Burke County Planning Board met on May 25, 2020 to hear this rezoning request. The Planning Board chairman opened the public meeting and proceeded with the agenda. Staff was asked to present the report for the proposed rezoning request. Following staff's presentation, the chairman asked the applicant to present his request. Once the applicant finished, the chairman opened the public comment portion of the meeting and asked if there was anyone from the public who wished to speak to the rezoning request. There were no citizens to speak. The chairman closed the floor to public comment and asked the Board if they had any questions of staff or the applicant. The Board had no questions. The chairman asked for a motion to be made. Board member Tunstill made a motion to recommend approval of the rezoning application and stated his reasoning. Board member Cultrera seconded the motion. The chairman asked for a full vote of the Board and the motion carried unanimously 6-0 to recommend approval of rezoning request ZMA 2020-01.

Budgetary Effect: None.

County Manager's Recommendation: Approval is recommended.

Suggested Motions:

- 1. Hold a public hearing.**
- 2. Motion to adopt Ord. No. 2020-03 regarding ZMA 2020-01 and the statement of consistency:**

The Burke County Board of Commissioners recommends "Approval" of the proposed rezoning request because:

- The proposed zoning reclassification is consistent with the purposes, goals, objectives, and policies, of the adopted land use plan, and other plans for the physical development of the County as adopted by the Board of Commissioners.
- The proposed zoning reclassification is compatible with the overall character of existing development in the immediate vicinity of the subject property.

RATIONALE FOR DECISION

Rezoning the property to the General Business would allow for the expansion of an *existing* commercial use. There have been no prior complaints for the existing business filed with the County. Set hours of operation have been established prior to this approval recommendation. Those hours were found reasonable.

- 3. Motion to deny, if needed.**

- The proposed zoning reclassification is consistent with the purposes, goals, objectives, and policies, of the adopted land use plan, and other plans for the physical development of the County as adopted by the Board of Commissioners.
- The proposed zoning reclassification is compatible with the overall character of existing development in the immediate vicinity of the subject property;
- There is adequate of public facilities and services to serve the subject property, including but not limited to; roadways, police and fire protection, storm water drainage systems, water supply, and garbage services; and
- The proposed zoning reclassification will not adversely affect a known archeological, environmental, historical, or cultural resource.

RATIONAL FOR DECISION

Rezoning the property to the General Business would allow for the expansion of an existing commercial use. There have been no prior complaints for the existing business filed with the County. Set hours of operation have been established prior to this approval recommendation. Those hours were found reasonable. There was no one present to speak against the proposed rezoning at the May 28, 2020 public meeting.
