ITEMS FOR DISCUSSION

GS - COUNTY BUILDINGS

Note: Prior to the meeting, staff compiled an inventory of the County's buildings, parks, and trails. Information included in the report was: the name of building, address, occupants, rental income (if any), overall building condition (good, average or poor), interior condition by floor, type of roof, HVAC (number of units, type and date of installation), parking lot condition and

Minutes Acceptance: Minutes of Feb 20, 2020 10:00 AM (APPROVAL OF MEETING MINUTES)

known issues. Most of the buildings in the report had an accompanying photo. The report, "Property Book" is hereby incorporated into the meeting minutes by reference and a copy of the report immediately follows the last page of this set of minutes.

Miles Champion, the General Services Director & County Engineer, reported on the overall condition of the following buildings and identified known issues. Scott Carpenter, Deputy Co. Manager/Planning Director reported on the County's parks and trails. Director Champion and Mr. Carpenter also responded to questions throughout the day.

Building Name	Condition	Known Issues
911 Call Center - Burke Co. Emergency Communication Center	Good	• Needs a backup generator connection for tower • Landscaping around communications tower
Discussion ensued on the condition of the Burke Co. Emergency Communications Center (911 Call Center). Chairman Carswell asked if there are any potential issues Mr. Champion can see with the 911 Call Center in the next five (5) years. Mr. Champion said the only item not in the report would potentially be interior painting, the rest of the facility is in good condition.		
Agricultural Extension Service	Good	• Need one (1) roof-top HVAC replaced immediately • Emergency lights do not work • Exterior trim repair • Roof needs to be replaced within the next five (5) years • Pavement needs to be resurfaced
Discussion ensued on the Agricultural Extension Service building and the price and installation process for HVAC five-ton units. Mr. Champion noted that the price for a new five-ton unit is $25,000, which includes installation.		
Animal Services	Poor	• Underground plumbing is inadequate • Roof in poor condition (two (2) years until complete deterioration) • Needs assessment was recently completed
Regarding the Animal Services Center (ASC), Chairman Carswell asked how much time is spent repairing the facility. Mr. Champion said on average 10-20 hours per week. Margaret Pierce, Deputy County Manager/ Finance Director said $8,900 has been spent this year at the ASC, not including labor, discussion ensued.		
Avery Building	Average/Poor	• Windows and front doors need to be replaced • No access control for security • Front access to street and parking is dangerous, does not meet ADA requirements • Exterior needs cleaning and repairs • Parking lot needs to be resurfaced
Discussion ensued on the Avery building's lack of security features and ADA requirements. Mr. Champion recommended hiring a consultant to evaluate the building/codes to get a cost analysis to repair the building and ensure everything meets ADA requirements.		

Minutes Acceptance: Minutes of Feb 20, 2020 10:00 AM (APPROVAL OF MEETING MINUTES)

Burke Co. Services Building	Good	• Roof leaks • HVAC system needs repairs and replacement • Parking lot needs re-striping
Courthouse	Average	• Front automatic doors - replace controls • Major plumbing work needed in the jail holding cell area • Masonry in front areas need replacing • HVAC units should be okay for the next five (5) years utilizing regular maintenance • Lights (interior & exterior) need replacing • Misc. exterior painting, cut & replace trees • Paint entire interior
Discussion ensued on the Burke County Courthouse and jail holding facility. Mr. Champion said when the jail was in use, one (1) General Services technician would spend half a day everyday doing maintenance. Now, General Services typically spends 10 hours a week on the courthouse jail facility. Chairman Carswell said one idea to explore is repairing part of the facility to use on an as needed basis as a holding area and use the other portion of the jail for storage or other potential uses. In response questions from Chairman Carswell, Mr. Champion said General Services does not have a full time HVAC technician nor a lighting technician, discussion ensued about the lack of General Services staff. Discussion ensued regarding the Clerk of Court's request for additional space in the courthouse and Commissioner Brittain noted that if part of the basement was given to them, it would require a lot of renovation. Chairman Carswell said they need to know what the real isolated needs are at the courthouse regarding the Clerk of Court and jail, discussion ensued regarding space at the courthouse. Chairman Carswell said he wants to schedule a time for all the Commissioners to tour the courthouse, discussion ensued.		
Courthouse Annex	Average	• Needs interior and exterior paint as well as painted doors • HVAC has around five (5) years until replacement is needed
Burke Co. Public Library & Senior Center – Hildebran	Good	• N/A
Mr. Champion said he wants to cease utilizing Johnson Controls at the Library & Senior Center in Hildebran and in other areas of the County because they are overpriced and have poor customer service. Commissioner Taylor said the building is great, but citizens have called him regarding temperature issues, discussion ensued.		

Chairman Carswell asked how many employees work for the General Services Grounds Department. Mr. Champion said two (2) and noted when it is raining, they replace street signs. Chairman Carswell asked if preventive maintenance is done on the buildings. Mr. Champion said in the past no, but in the past few months it has become a higher priority, discussion ensued.

RESULT: NO ACTION TAKEN.

RECESS OF MEETING (LUNCH BREAK)

Lunch was served in the meeting room at noon. The meeting resumed at 1:00 p.m.

Minutes Acceptance: Minutes of Feb 20, 2020 10:00 AM (APPROVAL OF MEETING MINUTES)

GS - COUNTY BUILDINGS – CONTINUED

Building Name	Condition	Known Issues
EMS Station 1	Poor	• Building electrical panel is full • Building needs upgrades (baths, kitchen, electricity) • No backup generator • Has many general repair needs • Not on city sewer ($15,000 for County to tap into the sewer line itself) Bays are short and building height is low for ambulances • Needs a new gutter on back of the building
Mr. Champion said this is one of the worst buildings in the EMS base category because of a failed septic tank and parking on the drain field, which requires routine pumping. County Manager Steen noted that the hospital owns the building, but the County maintains it, discussion ensued on the septic system, the lease and potential impact to other contractual obligations with the hospital. Chairman Carswell asked if the County owns any land nearby that a new EMS base could be constructed on, discussion ensued. The Manager advised that the location of this base may not be as advantageous as it once was given the locations of the new EMS bases. He was asked to begin looking for other properties.		
EMS Station 2	Poor	• Windows need to be replaced with insulated windows • Building needs upgrades (baths, kitchen, electric) • Grade/water issues around the outside • Has many general repair needs • Exterior/bays needs painting • Bays are short and building height is low for ambulances • Bay door 2 needs upgrading • Street trees need to be removed • Roof needs to be replaced in 10 years • Fuel tank needs to be replaced in five (5) years
EMS Station 3	Average	• Needs new floor and ceiling tiles • Roof needs screws replaced • Rat or mole infestation around foundation • Heat and A/C is old • Need to replace electric bay heat with gas • Needs gutter drain on front entrance • Parking lot needs to be repaved soon • HVAC needs to be replaced in five (5) years
EMS Station 4	Average	• New floor tiles in bathroom

Minutes Acceptance: Minutes of Feb 20, 2020 10:00 AM (APPROVAL OF MEETING MINUTES)

		• Drains for gutters (foundation staying wet) • Replace garage door two (2) • Replace garage door motor on door four (4) • Paint inside bays • Several general repairs needed • Hot water heater needed soon • Parking lot needs to be paved within 10 years
EMS Station 5	Good	• Need to pave driveways • No agreement on file for responsibility on maintenance issues
Ms. Pierce said EMS Base 5 is owned by the Jonas Ridge Volunteer Fire Department (VFD) who utilizes the top portion of the building and EMS utilizes the bottom. She said EMS management does have a small concern over who would be responsible for any significant maintenance/repair costs as there is no agreement in place, discussion ensued.		
EMS Station 6	Good	• Bay cabinets are not designed for that area • Needs grass established
EMS Station 7	Good	• Two (2) – three (3) general maintenance issues • Lights in bay area are out • Gutter leak in front at the office • Hurricane room needs the door lock mechanism replaced • HVAC needs preventive maintenance
Vice Chairman Mulwee asked, regarding the EMS bases, is the County lacking coverage anywhere. County Manager Steen said he will work with the GIS Manager to get coverage maps.		
Foothills Higher Education Center	Good	• Some HVAC units need to be replaced • Door hardware (interior panic bar) is worn out and needs replacement soon • Stormwater issues along the east side • Review the roof in five (5) years and replace at 10 years • Look at replacing HVAC systems in five (5) years
Human Resources Center	Average/Poor	• Replace all parking lighting and wall packs • HVAC controls need to be overhauled – number one priority • Interior paint • Partial roof replacement, glass roof leaks • Lobby ceiling is falling • Elevator never updated

Minutes Acceptance: Minutes of Feb 20, 2020 10:00 AM (APPROVAL OF MEETING MINUTES)

		• Parking at capacity, trees overhanging • Needs new signage
Mr. Champion said in addition to the age of the building, the most significant issue with the Human Resources Center (HRC) is that the building is extremely overcrowded which causes a tremendous strain on the utilities and General Services, at least once a day (sometimes more), has to reset the electricity breakers. Discussion ensued regarding the problems with the HVAC system; Mr. Champion noted that past General Services employees made temporary fixes which are no longer working for the facility. Commissioner Brittain said during his time on the DSS Board, he has heard staff make statements that indicates no one cares or they feel abandoned in that building because they submit so many work orders that go unfulfilled due to the lack of maintenance personnel. Mr. Champion said at one point there was a full-time maintenance employee at the HRC, but they have since been reassigned. He noted that General Services staff are at the HRC almost daily working on the facility. Discussion ensued regarding HVAC issues, whether the County should continue to try and repair the ageing building vs. building/finding a new facility, capacity of the building for employees and the public, and the parking lot. Mr. Champion noted his staff are constantly repairing plumbing fixtures because people use their feet to flush toilets which breaks the plumbing/seals. So a legitimate decision about the building and its future can be made, Chairman Carswell said an in-depth study needs to be compiled to determine the true scope of the repairs needed, the estimated repair cost as well as the true capacity of the building, utilities and parking lot for employees and visitors. He said the County may need to hire a consultant to conduct the study, discussion ensued regarding lighting at the HRC.		
Jail	Good	• Still under one (1) year warranty • Open space under trees, need debris removal, minor grading and re-seeding needs to be done
Burke County Public Library - Morganton	Average	• Exterior & interior painting needed, carpet, lights, new (or updated) elevator, and more square footage • Per 2019 facility study renovation, cost estimated at $10-12 million for expansion
Regarding the Morganton Public Library (MPL), J.R. Simpson, II, County Attorney, said since 1935, the MPL has been jointly owned by the City of Morganton and Burke County and if it is used for anything other than a library, it will revert back to a trust, discussion ensued.		
Burke County Public Library – Valdese	Good	• N/A – HVAC issues were recently fixed
Burke Co. Senior Center	Poor	• Water infiltration in basement • Re-roofing required • Facia needs replacing • Installation of walkway awnings • Main entrance doors need replacing • General exterior repairs • Remove large trees in rear

Minutes Acceptance: Minutes of Feb 20, 2020 10:00 AM (APPROVAL OF MEETING MINUTES)

Gas Pump Building	Average	• Exterior metal cladding coming loose • Pavement resurfacing needed

RECESS OF MEETING (BREAK)
The Board took a break at 2:50 p.m. to check into their hotel rooms. The meeting resumed at 3:21 p.m.

Discussion ensued regarding the landfill transfer station building, concrete floor, asphalt, and operational design. Mr. Champion said within five (5) years the entire configuration of the transfer station operation needs to be rebuilt, due to the age and poor condition of the building/transfer station area.		
East Burke Convenience Center	Poor	• Site is sinking due to being constructed on a closed landfill • Continuous electrical issues • Building not worth renovating • Looking for new site
Highway 18 South Convenience Center	Good	• Currently no restrooms on site, but they will be constructed by June 2020
Regarding the convenience sites, Chairman Carswell commended the employees at the convenience sites and said they need to have actual restrooms instead of portable toilets. Commissioner Taylor said the employees at the east Burke convenience site told him in addition to restrooms, they would also like a shower and an eye washing station. Vice Chairman Mulwee said the employees at the convenience sites need Burke County shirts so they are recognizable as employees by citizens.		
Highway 64 South Convenience Center	Average	• Needs restrooms, painting, roofing, and fence maintenance
Highway 126 Convenience Site	Average	• Needs interior and exterior painting • Needs a restroom • Entrance needs to be resurfaced

Discussion ensued about the future use of the General Services Water and Sewer office. Mr. Champion said his building and maintenance employees do not have a good place to work. Currently, he said, they work out of the basement of the courthouse which does not have much space in addition to no heating and air. Mr. Champion requested that the County begin looking for building space for General Services, discussion ensued regarding the location of a General Services building. Chairman Carswell asked Ms. Pierce to follow up on a vacant building with a loading dock on Hwy. 18 South, next to Wendy B's.

ITEMS FOR DISCUSSION

BOC - DISCUSSION ON COUNTY BUILDINGS

Chairman Carswell opened the floor for additional discussion regarding the county building presentation from the February 20th meeting.

Vice Chairman Mulwee expressed appreciation for yesterday's informative presentation on the deficiencies / issues of county facilities. While there were a few surprises, the condition of most of the buildings are as he expected. He commended the General Services Director on the day-long presentation and noted the report will be useful in prioritizing and making future decisions on county infrastructure. Chairman Carswell said yesterday's meeting opened his eyes to the condition of County buildings in that some of the issues are much worse than he realized. He commended the General Services Director and Finance staff for their work on the report.

Minutes Acceptance: Minutes of Feb 21, 2020 9:00 AM (APPROVAL OF MEETING MINUTES)

Chairman Carswell questioned if the Board wanted to entertain hiring a consultant to analyze the report and County buildings to learn the cost/timeframe to repair all the buildings. Commissioner Brittain said with staff's report they now know where many of the building deficiencies are and noted it is apparent to him that General Services is vastly understaffed. They don't have an electrician, a plumber, or a painter and with the amount of facilities the county has, there is enough work to keep everyone busy, all day, for a very long time. Further, he expressed support for hiring these tradesmen immediately and for hiring a consultant to analyze certain buildings once General Services has a handle on some of the deficiencies.

Brittain also said the Human Resources Center (HRC) needs the most immediate attention. He expressed his disappointment that the Board is just now hearing about all the staffing shortages when the General Services Director has been with the county for a couple years. County Manager Steen said Mr. Champion has been dealing with several water and sewer crises and noted their electrician retired and his replacement left after about a year. Due to the current pay scales, Steen said it has been difficult to fill the position. Commissioner Brittain advocated for adjusting the pay scales immediately to acquire the much-needed personnel and noted that the base workload cannot be outsourced. Based on his research, Scott Carpenter, Deputy County Manager/Planning Director, said the starting salary for a licensed electrician or plumber is $50,000. Chairman Carswell agreed with Commissioner Brittain and said he wants action taken on these positions and on potentially contracting lawn maintenance services with Burke County Public Schools. Further, the Chairman said the County needs to adjust its pay scales to attract qualified employees and he wants General Services to have an operations manager on staff as well. A general discussion continued on the duties of an operations manager. Mr. Carpenter said the department needs professional administrative support to help Mr. Champion.

Commissioner Taylor arrived at 9:15 a.m. and was present for the remainder of the meeting.

Vice Chairman Mulwee asked, in addition to an operations manager position, what other positions does General Services need. Mr. Carpenter said while he does not want to overwhelm the budget, a lot of the issues are organizational with the flow of work orders coming directly to Mr. Champion instead of work orders coming from Mr. Champion to his staff. He said they need someone over buildings and grounds, someone over water and sewer, and someone over the landfill who all report to Mr. Champion. Discussion ensued about staffing and it was identified than a minimum of four (4) additional employees are needed. Chairman Carswell asked what are the top duties the General Services Director should be doing instead of making repairs. Mr. Carpenter said running the operations of General Services, reviewing contracts, engineering and troubleshooting and capital improvement plans for buildings. Carpenter recommended outsourcing HVAC work. Commissioner Brittain said for HVAC and other hands-on-work, General Services needs full-time employees to ensure the continual work is done in a timely manner, but larger projects can be outsourced. Mr. Carpenter noted that it is difficult to hire those employees due to current market rates, discussion ensued. Chairman Carswell said he wanted a new plan to address these issues and do more preventive maintenance which will save the County money. County Manager Steen said he is already looking into some of these issues for the upcoming budget and investigating ways the County can be more efficient in lawn maintenance and other avenues that can save employee drive time. Discussion ensued regarding the County's maintenance of the Brown Mountain Overlook and Vice Chairman Mulwee requested more information regarding the maintenance responsibilities, trash removal and grass cutting, of the Overlook.

Minutes Acceptance: Minutes of Feb 21, 2020 9:00 AM (APPROVAL OF MEETING MINUTES)

Chairman Carswell asked for additional feedback from the Board members on hiring a consultant to analyze the cost/time frame of repairing the buildings or look into acquiring a new building for all County staff. Vice Chairman Mulwee agreed with hiring a consultant and said staffing is one of his top priorities. Commissioner Brittain agreed with hiring a consultant in conjunction with making in-house repairs and noted he did not know that General Services works in the basement of the courthouse and said they need a better workspace. Mr. Carpenter advised that Mr. Champion also has an office in his department. Chairman Carswell said in addition to addressing the immediate needs the Board discussed yesterday, a consultant will be able to come up with hard cost estimates or recommend that some of the buildings are not worth repairing. Margaret Pierce, Deputy County Manager/Finance Director, said the cost analysis would need to be completed by an outside consultant, discussion ensued. Chairman Carswell said as the Board is looking at their five (5) / 10-year plan, they need to remember that Burke County continues to grow based on the latest data.

Commissioner Taylor said it is clear that maintenance and preventive maintenance needs to be a priority going forward. He also noted that the County continues to add employees, 105 full-time and 30 part-time have been added. The cumulative cost is approximately $6 million, and he suggested that if five (5) new employees are added, five (5) other positions that may not be needed are removed.

RESULT: NO ACTION TAKEN.

BOC - PLANS FOR FORMER BURKE-CATAWBA DISTRICT CONFINEMENT FACILITY / OPIOID LITIGATION

Chairman Carswell reported Partners Behavioral Health Management (PBHM) completed their first walkthrough of the former Burke-Catawba District Confinement Facility (BCDCF) with their maintenance staff and other personnel. Further, they were thrilled with the building's dormitory-style layout and may want to lease it for a long-term mental health and substance use treatment facility, possibly becoming a regional facility later on, targeting the more difficult mental health and substance abuse cases. Proceeds from opioid settlement would be used for treatment programs at that facility. The goal of the "Tailored Plan", where treatment is much longer and more comprehensive, is to get the patient the proper treatment they need so they will be ready for employment when they leave, according to Commissioner Taylor. Chairman Carswell further reported the opioid litigation is ongoing and that four (4) counties, Gaston, Burke, Forsythe, and Guilford are the lead counties in discussion with the Multidistrict litigation (MDL) attorneys. Although the State was not a party to the lawsuit, the NC Attorney General attempted to do a sidebar settlement with the latest plan settling for $48 billion, with $22 billion being a cash settlement and the other $26 billion being used to purchase suboxone. There is no proposal for how to distribute the $22 billion to the State, Carswell said. After that offer was declined, the NC Attorney General approached the NCACC (NC Association of County Commissioners) to be a middleman to attempt a collaborative settlement approach between the other Attorneys General representatives and the MDL attorneys. Carswell further reported that J.R. Simpson is the County's representative on a committee to develop a negotiated plan of settlement and asked him to give an update. County Attorney Simpson reported the point that the counties have been making is that they do not need state involvement, the state has not yet filed a lawsuit against the opioid distributers, they are simply trying to settle the suit. He said the two (2) matters that are currently being negotiated are: (1) what should these people be paid for what they have done in the opioid crisis, and (2) when the funds come to NC, what

Minutes Acceptance: Minutes of Feb 21, 2020 9:00 AM (APPROVAL OF MEETING MINUTES)

should happen to it. Attorney Simpson said the MDL attorneys are handling the first part and the counties are taking a stand on the second part. He said counties need cash to reimburse themselves for the loses they incurred from the opioid crisis and the judge wants the majority of funds to go towards financing treatment for opioid victims. Counties can take the funds because they know what is needed and can get the money to where it needs to be, Attorney Simpson said. He said the counties are proposing to receive 30 percent of any settlement to their state in cash with the remainder of the funds going into a special fund for the induvial counties, not to all 100 counties. He said the stance that the counties are taking is that the Attorney General has no place in deciding where the money goes, it needs to go to the individual counties who can best decide on how to spend the settlement funds. Commissioner Taylor compared the State's settlement proposal to the trickledown Volkswagen settlement. Discussed ensued. Attorney Simpson said the next step in the process is for the committee to be prepared to meet with the Attorney General's office and present its demands. Discussion ensued. County Manager Steen said PBHM would like to have a second walkthrough, which is a good sign, and while repairs are needed, the structure is solid. Chairman Carswell said he does not want any more children to die due to drug overdoses. Discussion ensued on drug enforcement efforts and County Manager Steen said outside of enforcement, there are a multitude of programs to assist folks and noted sometimes it takes multiple attempts to beat a drug addiction.

RESULT: NO ACTION TAKEN.

RECESS OF MEETING
The Board took a break at 10:05 a.m. and the meeting resumed at 10:28 a.m.

BOC - OTHER BUDGET TOPICS
Chairman Carswell opened the floor for other budget topics and the following topics were discussed:

New School Buildings or Consolidation:
Chairman Carswell said Burke County Public Schools (BCPS) has purchased property for potential new school consolidation projects, but he has not heard anything from their new board. Chairman Carswell then opened the floor for questions and comments.

Commissioner Brittain asked about outstanding school debt. Ms. Pierce said two (2) high schools will be coming off the debt schedule in 2026, discussion ensued. Commissioner Taylor said BCPS should set aside money for new schools and noted how in the 1990s the County had to supplement their budget. Chairman Carswell said the County is about to reach $7 million in sales tax and discussion ensued about Article 42 funds and the legislation that resulted from the old lawsuit that the County and BCPS were involved in. Commissioner Brittain asked if there has been any discussion regarding abandoned schools. Chairman Carswell said there was no mention of abandoned schools at their last joint meeting. Discussion ensued about school gyms and that some need to be replaced. Commissioner Taylor said he believes schools have managed their funds well regarding new school construction, discussion ensued regarding lottery funds. Commissioner Taylor wanted to use the County's portion of the lottery funds for water and sewer needs and he requested a copy of the settlement agreement, which was provided at a later date.

Chairman Carswell said he attended a North Carolina Association of County Commissioners

Minutes Acceptance: Minutes of Feb 21, 2020 9:00 AM (APPROVAL OF MEETING MINUTES)

(NCACC) meeting and they talked about how due to a recent change in the law, counties can identify what the ¼ cent sales tax goes towards (if the tax is approved by a referendum), so a lot of counties are/will be using the funds for education, economic development, or transportation. Commissioner Taylor said the County could give up the Article 42 and 39 sales tax because the County has other issues to address and the schools are not lacking in buildings. He also reported on children being afraid to use the school restroom, altercations between a student and a principal, etc. Afterwards, he said he is not in favor of an additional ¼ cent sales tax without having a specific purpose for the tax. Vice Chairman Mulwee supported putting it to a referendum on the 2020 ballot and leaving the decision to the voters. Commissioner Brittain was neutral on the issue but wanted more information on what the funds could be used for. Chairman Carswell asked Ms. Pierce to research it before a decision is made. County Manager Steen said the funds could be used for the community college, tie into the drug rehabilitation facility, trades buildings, or other economic development uses that have an impact on one another.

Impact of Population Growth on County and Housing:
Chairman Carswell said, as discussed earlier, that the population in Burke County is increasing.

Silo Ridge Project:
Chairman Carswell reported Alan Wood, President & CEO of BDI, told him that there is a sewer issue at the Silo Ridge Project, 240 apartments on the Broughton Hospital property, and a new line may have to be installed to connect to the City of Morganton's sewer system for approximately $250,000 and the County may be asked to assist with the cost. Vice Chairman Mulwee, who is also president of the Community College's Board of Trustees, spoke favorably about the College's desire to rid themselves of surplus real property and get the redevelopment project moving forward. Any land sale proceeds would be applied toward construction costs of a new trades building, he said.

Moving County Offices into a Centralized Location:
Chairman Carswell reported this topic was somewhat addressed earlier in the meeting.

State Budget:
Chairman Carswell said the state is working off a continuation budget from last year and his biggest concern with not having a state budget is what the County may have to spend for DSS (Dept. of Social Services).

Commissioner Brittain said the foster care numbers are steady at 230 with the number of adult wards increasing. Discussion ensued regarding the number of individuals in foster care primarily due to drugs. Commissioner Brittain reported that the outsourcing with Veritas (for child support) has been going well, with a few issues along the way, and they are temporarily located in the basement of the courthouse.

Chairman Carswell asked if the County has hired all the positions that the state recommended. County Manager Steen said strategic positions were included in the budget and if they are effective, DSS may not need as many employees due to increased workflow and efficiency. Discussion ensued. Chairman Carswell asked if they should anticipate a significant budgetary impact moving forward. Commissioner Brittain said no but noted that the state has ultimate authority over DSS, discussion ensued regarding the MOA (Memorandum of Agreement) from the NCDHHS (NC Dept. of Health and Human Services). Chairman Carswell, in summation, said

Minutes Acceptance: Minutes of Feb 21, 2020 9:00 AM (APPROVAL OF MEETING MINUTES)

overall DSS seems stable with no significant budgetary changes in the foreseeable future. Commissioner Brittain said the waitlist for childcare in Burke County has been lifted.

Animal Services Center – Capital Project:
Chairman Carswell said as the Board begins to consider this project, the Sheriff has informed him that he no longer wants the Sheriff's Office to be responsible for animal control and enforcement. He said after the presentation by Shelter Planners of America, they learned that a new 13,914 sq. ft. Animal Services Center (ASC) is estimated to cost approximately $6 million. He said capital funds need to be set aside in the future for a new ASC and to discuss what the actual needs for Burke County are. He then opened the floor for questions and comments from the Board. County Manager Steen said there is a request from the Sheriff's Office (SO) on the Board's March agenda to transition animal enforcement duties from the SO to under the authority of the County Manager and that he is not supportive of any change to animal control operations at this time. Commissioner Taylor said the animal control situation continues to receive poor comments from the public and building a new building is not going to solve the systemic problems until the Board devises a comprehensive self-supporting plan. He said citizens report they do not want to pay for someone's unwanted pet and said some people do not have the discipline to take care of their animals. People should take care of their own animals, he said. Mr. Carpenter said if the animal surrender fee is too high, then they will simply abandon their unwanted animal(s) on a rural road. Further, he said this is a service that should be provided by the County and noted the new employees have done a fantastic job running the shelter. Commissioner Taylor said he understands that, but the County's priorities are not in order when compared to the provision of public water which is a necessity. There are citizens that have waited for 12 years and that and he has tried to get a policy in place for six (6) years. Chairman Carswell commented that spaying or neutering unaltered pets would solve a lot of the problems, but owners do not do it. Commissioner Brittain said Burke County as a whole is not ready to spend $6 million on a new facility; however, he fully supports the existing facility, even though it is in poor condition. Regarding the proposed ASC, he is unsure if the average citizen is ready to sponsor a vet clinic, or grooming. He said he would like to see the County set aside funds for a shelter but would like the scope of the ASC scaled back to potentially $3 million. Regarding the Sheriff's request, Commissioner Brittain said he proposed something like that early in the process and felt if the same mentality that was previously running the animal shelter was still running animal control, then nothing substantial would change with two (2) different teams/philosophies operating at the ASC. Commissioner Taylor agreed with Commissioner Brittain but noted the average person will not recognize the authority of an employee without a badge, particularly when an animal is removed from the property. Discussion continued. Mr. Carpenter commented on how he used marshals for animal enforcement when he worked in Georgia, the equipment they utilized and the authority they had. He then recommended a strategy for animal enforcement like how code enforcement is handled in Community Development by a sworn officer, but legally falls under the oversight of the Sheriff's Office. Chairman Carswell agreed with Commissioner Brittain and Mr. Carpenter and discussion continued about which authority animal enforcement employees would fall under, if they carry a sidearm, then legally they will have to be under the Sheriff's Office. The Board further discussed how new animal enforcement employees would practically function possibly using reserve officers, community police or a hybrid solution. The Board also discussed the Sheriff's agenda item and new positions requested as part of the proposed transition. It was the consensus of the Board that more research is needed before any decisions are made. Discussion continued on the creation of an animal services foundation which would help raise funds for a new facility. County Manager Steen suggested writing a resolution stating the

Minutes Acceptance: Minutes of Feb 21, 2020 9:00 AM (APPROVAL OF MEETING MINUTES)

County's support for an independent foundation that could raise funds and the Board agreed. Commissioner Brittain also recommended a foundation be established for recreation. Chairman Carswell said if the County wants to set aside funds for a new ASC, a location for the ASC needs to be thoroughly investigated, discussion ensued.

RECESS OF MEETING
The Board took a lunch break at 12:00 p.m. and the meeting resumed at 12:47 p.m. Scott Carpenter left at 12:40 p.m. and was not present for the remainder of the meeting.

BOC - OTHER BUDGET TOPICS - CONTINUED

Morganton Public Library – Capital Project:
Chairman Carswell said this project is on hold and noted the Morganton City Manager is not supportive of any of the proposed plans. Unless something changes, he suggested this project be on a 5-year timetable.

Economic Development/Burke Business Park:
Chairman Carswell said bids have gone out for the water tank at the Burke Business Park (BBP) and he is unsure how long it will take to receive the bids.

Economic Development/City of Hickory
County Manager Steen reported a grant was received for the project with the City of Hickory. Chairman Carswell said he believes the future is bright for Burke County's association with Hickory.

Valdese Lakeside Park (Staffing for Trail Maintenance):
Chairman Carswell said NC Representative Hugh Blackwell is excited about the trails in Burke County and the surrounding area. A representative with the Valdese Lakeside Park requested the County assist with staffing and trail maintenance for the Wilderness Gateway State Trail. The Wilderness Gateway State Trail will meander through Catawba and Burke counties and along the border of Rutherford and McDowell counties. Part of this trail will include a paddle trail in Catawba County. The planned trail will connect Hickory Nut Gorge State Trail and South Mountains State Park with the towns of Valdese and Hickory. Part of the trail will follow the same route as the Overmountain Victory State Trail. A general discussion ensued during which several Commissioners stated the need for more information. Chairman Carswell asked the Manager to contact Beth Heile.

NCSSM & WPCC:
Chairman Carswell said due to the lack of a state budget, the opening of the NCSSM (NC School of Science and Math) will be postponed for a year, discussion ensued regarding how the state budget will impact the school.

Vice Chairman Mulwee and president of the WPCC Board of Trustees, gave an update regarding the WPCC presidential search. He reported there are four (4) final candidates for consideration. When the final candidate is selected, they must send the name of the chosen candidate to the state for final approval.

Chairman Carswell said Randy Burns, former Chairman of the Board of Education and WPCC faculty member, indicated there is a need for a new trades building, discussion ensued about

Minutes Acceptance: Minutes of Feb 21, 2020 9:00 AM (APPROVAL OF MEETING MINUTES)

the building. Vice Chairman Mulwee noted that it is still in the very early stages, but some key individuals have said they support the concept.

National Guard Training Center:
Chairman Carswell said a summertime implosion of the former Western Youth Facility is still contemplated. Once the building is gone, it is assumed that construction will begin on the new National Guard Training Center but there is not definitive timeline. Chairman Carswell said there should be approximately 80 full-time positions at the new facility.

RESULT: NO ACTION TAKEN.

BOC - COMMISSIONERS' BUDGET ITEMS
Chairman Carswell opened the floor for Commissioners to bring up any personal budgetary items they want evaluated, included in, or researched for the FY 20-21 budget.

Commissioner Taylor said the County, and government in general, does not promote their water services or offer promotions to garner new customers and that a comprehensive plan is needed.

Chairman Carswell said he was on the State Water Infrastructure Authority when the County received a $2 million grant to extend the water infrastructure on Highway 18 S. / Rhoney Road area. Further, a lot of citizens have signed up for public water in the project area and additional residents that wanted to tap on were able to after some earlier technical issues were resolved. Cherokee County is now the closest western representative on the SWIA, according to Chairman Carswell. Commissioner Taylor commented on the importance of having local representation on state boards and a short discussion on that topic ensued.

Chairman Carswell said he wanted restrooms installed at the convenience sites and a general discussion ensued about the safety and feasibility of installing the restrooms. Vice Chairman Mulwee also wanted restrooms installed at the convenience sites, additional staff for General Services, and more research done on how to proceed with animal control/animal enforcement. Commissioner Brittain said all his concerns have already been addressed and that he thought the budget retreat was time well spent. He expressed appreciation to staff for their efforts. While he believed action on the Human Resource Center is a high priority, Chairman Carswell left the prioritization up to the County Manager. He also expressed his desire to not increase the property tax rate. Further, he addressed communication and asked staff to please make sure the Board is aware of issues or citizen concerns as they arise, so they can keep constituents informed. Chairman Carswell then commented on a few minor issues (leaks) at the new jail and noted some of the subcontractors did a poor job, but the general contractor (Vannoy Construction) did a great job. He expressed displeasure with an individual making fun of the problems the new building had. Vannoy Construction has an employee on site so any issues can be fixed while the building is under warranty. Chairman Carswell further reported as soon as the jail is fully staffed, the extra bed space will be rented which will create additional revenue and pay for the jail. He also addressed a shortage of juvenile beds across North Carolina and Burke has eight (8) empty juvenile beds that rent for $250 a day. Discussion ensued.

RESULT: NO ACTION TAKEN.

Minutes Acceptance: Minutes of Feb 21, 2020 9:00 AM (APPROVAL OF MEETING MINUTES)

In response to an inquiry from Chairman Carswell, County Manager Steen said he will begin to look at the list of projects and priorities next week. Ms. Pierce expressed appreciation for the direction which will be helpful in building the upcoming budget. A short discussion ensued concerning scheduling a special meeting to tour the courthouse and obtaining the necessary security clearance.

Chairman Carswell gave the media a chance to ask questions. Sharon McBrayer, reporter with The News Herald, asked for a prioritization of the main projects for the upcoming budget year. Staffing for General Services and completing emergency building repairs were identified as the top two (2) priorities.

SCHEDULED PUBLIC HEARINGS

AAB - ORDINANCE AMENDING CHAPTER 6, ANIMALS, & PUBLIC HEARING - 6:00 P.M.
Debbie Hawkins, Chair of the Animal Advisory Board (AAB), reported the proposed ordinance amends certain portions of Chapter 6, Animals, Burke Co. Code of Ordinances. The proposed amendments were unanimously approved by the Animal Advisory Board on February 26, 2020. Ms. Hawkins said the overarching goal of the animal ordinance is to protect the health safety and welfare of County residents and animals, regulate and control the conduct keeping in care of those animals, facilitate as many responsible lifetime adoptions as possible of abandoned pets, and encourage the reuniting of owners to their impounded animals. Ms. Hawkins then reviewed the proposed changes to the animal ordinance shown below. Ms. Hawkins said Burke County needs to move forward to focus on owner responsibility, owner retention, and the live release rate at the Animal Services Center (ASC).

(No changes to 6-72 through 6-76.)

Sec. 6-77. - Rescue requirements and audits.

Approved rescue groups are allowed to pull animals from county animal services. Pursuant to G.S. 130A-192(a), all animals are required to be held for an initial impoundment period of 72 hours. However, in the event that an animal is surrendered to county animal services, the animal may be released immediately. Following the initial impoundment period, animals will be held in the animal services center and made available for rescue by an approved rescue group or the general public as long as the health and temperament of the animal determines that it is suitable for rescue/adoption. This determination will be made by the animal services director and the decision will be final.

(1) Following the transfer of an animal to an approved rescue group, county animal services will require that the animal be provided with the appropriate care that includes spay/neuter, updated vaccinations, and health reconditioning (if needed), etc.

Minutes Acceptance: Minutes of Mar 3, 2020 3:00 PM (APPROVAL OF MEETING MINUTES)

(2) Random ~~Quarterly~~ audits will be performed by the animal advisory board to ensure proper care and recordkeeping of all approved rescue groups~~/groups~~. During each audit, two approved rescues will be selected for audit review and required to provide all required documentation ~~of applicable vaccinations, spay/neuter, and current location of a random selection of animals they have pulled from county animal services.~~ **to evaluate the health and welfare of the animals as determined by the animal advisory board.**

If the audit shows an approved rescue group is not in compliance two times in two consecutive audits due to missing or incorrect documentation or refusal/failure to provide, a warning will be issued, and the rescue given ten working days to produce additional documentation. If the rescue fails to produce requested documents or additional information to refute the audit, the rescue's permission to pull animals from Animal Services will be suspended. Time of suspension will be no less than six months. Re-evaluation of the rescue will be conducted by the Animal Services Director. A second violation will warrant a 12-month suspension, and any additional violations will mean permanent revocation.

(3) Rescues must obtain and maintain nonprofit, tax-exempt status as a 501(c)3.

(4) In order to be considered for approval as an approved rescue group by county animal services, groups must submit the county animal services' rescue application, along with three letters of reference, one of which must be submitted by a state licensed veterinarian with preference given to rescues that can also provide references from other North Carolina-based animal shelters. County animal services will notify the applicant group of its decision to approve or deny the application. If the application is denied, county animal services will state any/all deficiencies that resulted in the decision to deny approval of the application.

(5) All adoptable animals are available on a first-come, first-serve basis. Priority will be given to adoptions by individuals over transfer to approved rescue groups or foster.

(6) To ensure that all information is recorded accurately and efficiently, county animal services will require that all interaction with approved rescue groups must be completed

e. All offenses after third, $200.00 penalty per incident.

Chairman Carswell opened the floor for questions and comments from the Board. Vice Chairman Mulwee asked by switching from quarterly to random audits, how do they ensure audits are done in a reasonable amount of time. Ms. Hawkins said moving to random audits will give the AAB more flexibility to conduct more audits. Vice Chairman Mulwee asked how many approved rescue groups are in operation. Ms. Hawkins said 14. Commissioner Brittain asked if the word "random" could be changed to a "not less than" phrase to ensure that no rescue groups go un-audited. Discussion ensued regarding the practicality of neighborhood canvases; Ms. Hawkins noted it is a best practice that other counties use as well as being in State Statutes. J.R. Simpson, II, County Attorney, cautioned that the proposed ordinance may be violating the Constitution if employees can educate and fine a violator or educate and issue a warning without any standards to guide their decision. He said those situations need to be clarified in order to prevent complaints of unequal enforcement under the law. Attorney Simpson also expressed concern over allowing the AAB the authority to audit County employees and noted he is unaware of any other advisory board having that ability. Chairman Carswell requested that Ms. Hawkins work with County Attorney Simpson to make sure there are no issues with the proposed ordinance. He then asked for this item to be removed from the agenda until the issues can be rectified.

CM - SHERIFF'S VEHICLE LEASE WITH TOWN OF HILDEBRAN

County Manager Steen presented information regarding the Sheriff's Vehicle Lease with the Town of Hildebran as follows:

> In the past the Town of Hildebran and the County, by and through the Sheriff, executed a lease agreement for a motor vehicle to be used as a Sheriff's vehicle for the provision of law enforcement services by the Community Policing Deputy in the Town. Hildebran wants to continue the leasing arrangement and has purchased a new 2020 AWD Police Interceptor. In the 2008 lease agreement, which was extended to June 30, 2014, the lease fee was $1, and the County provided the license tags, gasoline, maintenance and insurance on the vehicle. The County Attorney was asked to review and update the lease agreement as needed for the pre-agenda meeting.

County Manager Steen said a few minor changes were needed in the contract. J.R. Simpson, II, County Attorney, said the changes to the agreement were to clean up some of the language from the original 2008 agreement, and to specify that the vehicle can only be used for law enforcement purposes. In response to a question from Commissioner Taylor, Logan Shook, the new Hildebran Town Manager, said the County has the option to purchase the old vehicle from the Town, but he has not heard anything from the Sheriff's Office yet. The Board welcomed Mr. Shook to Burke County.

CM - THE NEST - A PUBLIC / PRIVATE PARTNERSHIP FOR A WEDDING & CONFERENCE VENUE AT FONTA FLORA COUNTY PARK

County Manager Steen presented information regarding the Nest venue as follows:

> On January 15, 2020, the Board received information on a public / private venture called "The Nest" which is a proposed wedding venue and conference center at Lake James / Fonta Flora County Park. After hearing the presentation, the County Commissioners were not ready to move forward with the project as it was proposed, and additional information was requested, including solid cost estimates. After the meeting and local media coverage, the Commissioners received numerous emails from citizens expressing concern and opposition to the proposed project.
>
> On behalf of the County Commissioners, the County Manager wishes to express his sincere appreciation to the developers George Milner, Isaac Hoff and Planning Director Scott Carpenter for their hard work in developing such a unique concept and for bringing it to the Board for their consideration. However, there is no need for further discussion or action on "The Nest" proposal at this time. The County will continue to explore development options for low-impact environmentally friendly projects that will enhance the Fonta Flora County Park at Lake James as they may arise in the future.

County Manager Steen said if, in the future, the developers wish to present plans for cabins or yurts, that is something the Board may want to consider. However, at this point in time, the County is not ready to commit to a large project that may require significant funding and no further action is requested for this project.

Chairman Carswell opened the floor for questions and comments from the Board. Commissioner Taylor said he never received answers to all his questions regarding this project and noted he does not want to see the County walk away from a four (4) million dollar deal if the project could be rearranged to meet the proper codes and other needed adjustments.

Vice Chairman Mulwee said putting this project to the side is the most prudent decision at this time and moving forward he would like to ensure that the County keeps in contact with their community partners if this project or any other project of this nature is pursued.

CM - RESOLUTION GRANTING CO. MGR. AUTHORIZATION TO REDUCE OR WAIVE AS FEES

County Manager Steen presented information regarding the resolution granting the County Manager authorization to reduce of waive Animal Services fees as follows:

> This is a request to adopt a resolution which will grant authority to the County

Minutes Acceptance: Minutes of Mar 3, 2020 3:00 PM (APPROVAL OF MEETING MINUTES)

Manager to reduce or waive fees at the Animal Services Center (ASC). This resolution would allow the County Manager, upon consultation with the Animal Services Director, the authority to waive fees during periods of high animal capacity, especially with puppy and kitten season approaching in spring, during special adoption events, to help prevent the spread of illness, and any other reason deemed reasonably necessary by the County Manager and Animal Services Director.

The Animal Advisory Board (AAB) met on January 29, 2020. During this meeting, the AAB voted unanimously to support this recommendation: The County Manager should be given the authority to reduce or waive adoption fees for extenuating circumstances and for special events.

County Manager Steen said due to kitten and puppy season approaching Animal Services staff is concerned about the possibility of overcrowding. He said this resolution is like a pressure release valve and could help get more animals adopted instead of euthanizing them.

RESOLUTION OF THE BURKE COUNTY BOARD OF COMMISSIONERS AUTHORIZING THE COUNTY MANAGER TO WAIVE ANIMAL SERVICES FEES

WHEREAS, the laws of the State of North Carolina, and in particular North Carolina General Statute §153A-102, authorize the Burke County Board of County Commissioners to fix fees and commissions charged by county officers and employees for performing services or duties permitted or required by law; and

WHEREAS, the Board of Commissioners adopted a rate/fee schedule for the Burke County Animal Services Department ("Animal Services"); and

WHEREAS, it is necessary to waive certain Animal Services fees in specific situations to ensure the efficient and safe operation of the Burke County animal shelter and to protect the health and well-being of the shelter animals; and

WHEREAS, North Carolina General Statute §153A-12 authorizes the Board of Commissioners to delegate responsibility for any function or activity to others as it sees fit, unless specifically precluded by statute, by ordinance or resolution; and

WHEREAS, the Board of Commissioners is authorized to delegate the authority to waive Animal Services fees and desires to delegate such authority to the County Manager.

NOW, THEREFORE, be it resolved by the Burke County Board of Commissioners as follows:

The County Manager, upon consultation with the Animal Services Director, may waive one or more of the fees listed in the then current Animal Services rate/fee schedule when the Burke County animal shelter is at or near capacity, for "clear the shelter" and other adoption events, to prevent the spread of illness and/or disease to healthy animals at the shelter, or for any other reason deemed reasonably necessary by the County Manager and the Animal Services Director.

A waiver of Animal Services fees shall be temporary and shall cease when the shelter is at or below 50 percent capacity, when the event prompting the waiver has ended, or when illness or disease no longer poses a threat to the health of the shelter animals.

Chairman Carswell opened the floor for questions and comments from the Board. Commissioner

Minutes Acceptance: Minutes of Mar 3, 2020 3:00 PM (APPROVAL OF MEETING MINUTES)

Taylor said he agrees with the concept but is concerned that some adopters may feel cheated if they have to pay full price when others did not, and said he likes the market demand approach. Commissioner Brittain asked if the Animal Services Center (ASC) is ever at or below 50 percent capacity, in reference to the last line in the resolution. Kaitlin Settlemyre, Animal Services Director, said because of the small size of the current ASC, they are rarely at or below 50 percent capacity, discussion ensued regarding the wording of that section. J.R. Simpson, II, County Attorney, said there may be Constitutional (NC) issues with the resolution that he needs to investigate. Chairman Carswell requested Ms. Settlemyre work with Attorney Simpson and provided a revised resolution to the Board within a week.

CM - RESOLUTION SUPPORTING ESTABLISHMENT OF ANIMAL SERVICES FOUNDATION

County Manager Steen presented information regarding the resolution supporting the establishment of an Animal Services Foundation:

> The resolution supports the creation of a nonprofit / foundation to benefit the Animal Services Center. The nonprofit's primary mission would be to raise monies for the new Animal Services Center and to apply for grants that benefit the Center, the pets housed there and initiatives that will increase adoptions.

County Manager Steen said with the potential of a new Animal Services Center (ASC) and the cost associated with it and the financial needs of the current ASC; an Animal Services Foundation (ASF) could help alleviate some of the burden and cost from taxpayers. He said there are people with very large hearts who would be willing to donate money for Animal Services.

Chairman Carswell opened the floor for questions and comments from the Board and noted that the Animal Advisory Board (AAB) has unanimously voted to recommend the Board approve the resolution.

Resolution Supporting the Establishment of a Nonprofit Foundation
for the Burke County Animal Services Center

> Whereas, from the early 1970s until 2019, the Sheriff's Office has been responsible for animal control enforcement and operation of the animal shelter in Burke County; and
>
> Whereas, in 2019 because of extremely high euthanasia rates and public concern, the Burke County Board of Commissioners commissioned a staff report on realignment strategies and best management practices for operation of the animal shelter, which resulted in an extensive, comprehensive report which included 39 recommendations for change and-improvement; and
>
> Whereas, one such recommendation was the establishment of a nonprofit foundation to support the needs of the animal shelter; and

Minutes Acceptance: Minutes of Mar 3, 2020 3:00 PM (APPROVAL OF MEETING MINUTES)

Whereas, also as recommended by the staff report, the County Commissioners moved the operation of the animal shelter from the Sheriff's Office to the County Manager's Office and created the Animal Services Department; with Animal Control enforcement remaining under the Sheriff's authority; and

Whereas, as part of the 2019 transition, the Animal Services Department now works with an aging animal shelter that is severely undersized to meet current public demand and to utilize best animal housing practices, and best adoption standards and practices; and

Whereas, through a competitive process, the County hired PNP Design Group / Shelter Planners of America to complete a facility needs assessment and estimate future animal and human population trends; and

Whereas, the consultant completed the study and recommended the County construct a new 13,914 sq. ft. animal adoption facility with a projected cost of between $4.8 million to almost $6 million; and

Whereas, the County Commissioners officially received and accepted the facility needs assessment at a special meeting held on January 30, 2020; and

Whereas, while the County Commissioners strongly support the construction of a new animal services facility in the next few years, the County has numerous other buildings in need of immediate repairs, and many other fiduciary responsibilities; and

Whereas, the topic of a nonprofit foundation dedicated to raising funds to build a new Animal Services Center was raised at the Commissioners retreat in February, 2020; and the Commissioners present reacted favorably to the creation of a nonprofit foundation; and

Whereas, the purpose of the nonprofit foundation would be to raise funds for the construction of a new Animal Services Center in Burke County, to apply for grants to benefit the Center and the animals it cares for, and to otherwise work for and financially support Animal Services in Burke County.

NOW THEREFORE, BE IT RESOLVED BY the Burke County Board of Commissioners that it:

1. Expresses its support for the construction of a new Animal Services Center in the future,
2. Expresses its support for the creation of a nonprofit foundation to benefit the Animal Services Center,
3. Requests staff cooperation with and encouragement of any group of persons interested in forming such a nonprofit foundation, and
4. Expresses appreciation to all the Burke County citizens who have worked tirelessly to improve local animal welfare and continue to do so.

In the fall, the County was awarded a $600,000 grant for the HARBOUR-LEAD program. Contracts from the service providers, Burke Recovery - $336,747, The Cognitive Connection - $119,920, Burke United Christian Ministries - $73,215 and Catawba Valley Behavioral Health - $48,801, were submitted for services that will be provided for voluntary clients participating in the program during the life of the three (3)-year Department of Justice HARBOUR-LEAD Grant.

After the grant was awarded, the BJA requested a revised budget be submitted. That has occurred but a final line item budget has not been received as of this meeting. To keep the project moving, staff requests the contracts be approved and authority granted to the County Manager to revise the amounts (if needed) when the final budget is received. Funding is provided through the $600,000 Department of Justice grant from October 1, 2019 through September 30, 2022.

Chairman Carswell opened the floor for questions and comments from the Board. Ms. Moore responded to a question from Commissioner Taylor.

TAX DEPT. -TAX COLLECTION REQUEST TO CHANGE MINIMUM TAX BILL TO $5.00

Danny Isenhour, Tax Administrator, presented information regarding the tax collection request to change the minimum tax bill to $5.00 as follows:

On September 3rd, 2002 the Burke County Board of Commissioners adopted a "*Resolution Authorizing the Tax Collector to make Adjustments for Underpayments or Overpayments and to Set a Minimum Billing Amount*". This resolution had two parts. The first part authorized the Burke County Tax Collector to treat "small underpayments" of $1.00 or less as payment in full. It also authorized that "small overpayments" of $1.00 or less not to be refunded. This was in accordance with North Carolina General Statute 105-357(c).

The second part of this resolution authorized the Burke County Tax Collector not to bill taxpayers for amounts for $1.00 or less. This was within the range (up to $5.00) allowed by North Carolina General Statute 105-321(f).

No change is being requested for the first part of the current resolution; it is compliant with North Carolina General Statute.

The requested change is from the second part, increase the minimal tax bill from $1.00 to $5.00, the maximum amount allowed by North Carolina Genera Statute 105-321(f). This is due to the increased cost of printing, insertion, mailing (postage), staff time to prepare and collect bills, and other cost such as bank processing. This cost is around $4.50 per bill and that amount increases dramatically when the bill goes delinquent. Due to the research required to collect delinquent property tax is extremely time consuming and may or may not result in the bill getting paid.

Here is a poll of some neighboring counties that responded:

Minutes Acceptance: Minutes of Mar 3, 2020 3:00 PM (APPROVAL OF MEETING MINUTES)

County	Minimum Bill	Notes
Burke	$1.00	
Caldwell	$5.00	
Henderson	$5.00	
Lincoln	$1.00	Requesting Increase
McDowell	$3.00	
Rutherford	$1.00	Requesting Increase

Also, the quantity of these small bills has increased since implementing GAP Billing on motor vehicles. GAP is the period between when the tagged motor vehicle registration expired and when it was renewed. In most cases less than one month. North Carolina General Statute 105-330.3(2) requires taxing jurisdictions to bill the vehicles for this unregistered period as personal property.

Here are some stats for all 2019 bills between $1.00 and $5.00.

TAX - APPROVAL OF AGREEMENT WITH DATAMAX FOR ENFORCED COLLECTION

Danny Isenhour, Tax Administrator, reported the way tagged vehicles were taxed changed mid-year in 2013. Prior to 2013, the Tax Office sent vehicle tax (personal property) bills three (3) months after the renewal, known as the "RMV System", to the tax being included on the vehicle registration notice, known as "VTS" or "Tag and Tax". The old RMV system had a collection rate of around 80-86%, which left a lot of delinquent unpaid taxes. To collect these delinquent taxes, the Tax Office contracted with DataMax in 2012. (Under the VTS Tag & Tax system, the vehicle

tax collection rate is very high.) DataMax is a collection agency that calls and send letters to delinquent taxpayers (personal property) for debt collection. If payment is not made in a timely manner, then DataMax reports the debt to the credit reporting agencies and files the debt on the Debt Setoff Program. DataMax is paid on a contingency basis for what is collected. For accounts under seven (7) years old the amount is 25% and the amount is 50% for accounts over seven (7) to ten (10) years old. DataMax offers delinquent taxpayers the option to either pay them or pay at the Tax Office. Currently, there are 10,279 personal property bills on file with DataMax and they have submitted debts to the Debt Setoff Program for 3,047 taxpayers. So far for 2019/2020, DataMax has helped staff collect $59,799 in taxes at a cost of $16,180.37. The Tax Administrator requests the Board to continue this enforced collection procedure and authorize the County Manager to execute the contract on behalf of the Board. Note: Delinquent real property tax is not submitted to DataMax for collection.

Chairman Carswell opened the floor for questions and comments from the Board. In response to a question from Chairman Carswell, Mr. Isenhour said the new VTS system, which is handled by the State, was started in 2013 and he noted there are a few old bills still in the system. Chairman Carswell asked how much the old bills are worth. Margaret Pierce, Deputy County Manager/Finance Director, said approximately $35,000 a year. Commissioner Brittain asked has DataMax been effective in collecting taxes. Mr. Isenhour said yes and noted in 2019 they collected almost $60,000 with a cost of $16,180.37, discussion ensued.

ITEMS FOR DECISION

SHERIFF'S OFFICE - REASSIGNMENT OF ANIMAL ENFORCEMENT DUTIES

Sheriff Whisenant presented information regarding the reassignment of Animal Enforcement duties as follows:

> The Sheriff's Office (SO) believes the citizens of Burke County would best be served if Animal Enforcement were to be transitioned from under the direction of the SO's to a civilian department under the authority of the County Manager. The SO recommends:

1. Transfer the current Lieutenant (Lt.) Animal Law Enforcement position to a Burke County Jail sworn-lieutenant's position. Having a sworn Lt. would provide the Burke County Jail with the ability to have a Lt. on duty spread over more days, evenings, and nights. The sworn jail Lt. would serve warrants, assist in both local and state transports (currently our state transport Deputy is working up to 7 days a week), assist with local transports and security of arrestees who are transferred to the local hospital for medical/psychological reasons or to Raleigh for forensic evaluations, assist with training, and perform other related jail duties requiring a sworn officer.
2. With the remaining three Animal Control law enforcement deputies, the SO requests to retain two of those deputies. These deputies would be available to accompany the newly created non-sworn animal enforcement civilian officers within dangerous situations where their personal safety may be at risk. These

Minutes Acceptance: Minutes of Mar 3, 2020 3:00 PM (APPROVAL OF MEETING MINUTES)

deputies would be available to assist with the investigation and prosecution of N.C. felony animal violations when requested by judicial officials or the district attorney's office. When not accompanying the civilian enforcement officers, the deputies would serve warrants, subpoenas, juvenile petitions, and perform other related sheriff office's duties. These deputies would be solely under the supervision and authority of the Burke County Sheriff's Office and have no duty to investigate or enforce Burke County Animal Ordinances or misdemeanor N.C. Animal Statutes.

3. The newly created non-sworn animal enforcement civilian officers' duties would include all investigations and enforcement of Burke County Animal Ordinances and misdemeanor N.C. Animal Statutes. Their duties would include setting and monitoring of animal traps, seizing and transporting animals, providing 24/7 on-call service for emergency animal seizures where animals safety and well-being are at risk, and all other animal law enforcement related duties. These officers would be under the supervision and authority of the County Manager and not the Burke County Sheriff's Office.

   Budgetary Effect: The Sheriff's Office (SO) will work with County Finance during the planning of the FY20-21 budget to identify the potential costs. Of the four (4) current SO Animal Control Officer positions, the SO we would be requesting three (3) of those four (4) positions be absorbed into the already existing SO budget as described above. The funding for the fourth Animal Control Officer could be used to help fund the new civilian animal enforcement department.

Sheriff Whisenant also said the animal advocates are a passionate and dedicated group of people and the Sheriff's Office sees this as a mutual benefit for all parties because Sheriff's Office can focus on protecting citizens, and the animal advocates can continue to help animals.

Chairman Carswell opened the floor for questions and comments from the Board. Commissioner Brittain said he is in favor of Animal Control coming under the authority of the County Manager, but noted he thinks the other requests for this item should be considered during the annual budget process. A short discussion ensued on jail staffing requests for the upcoming budget cycle. Commissioner Taylor asked how many counties have animal control services provided by the sheriff's office and commented on the impact a badge has on situations. Sheriff Whisenant said he believes there are more counties in which animal control is not controlled by the sheriff, discussion ensued. Sheriff Whisenant said, regarding Animal Control complaints, citizens often do not know that a deputy was in the area for a welfare check and they will leave hangers on doorknobs if no one is currently at the residence. Sheriff Whisenant said he wants the civilian Animal Control personnel to be supported by the Sheriff's Office and they will be there if the civilian officer feels intimidated or there is a dangerous situation. He further noted that unless there is a dedicated Sheriff's Deputy to work with Animal Control, other calls such as homicides will require their attention first, then they would respond to number two (2) priorities and then they would respond to Animal Control calls/issues. Discussion ensued about the impact animal volunteerism has in Burke County.

Vice Chairman Mulwee suggested moving this item to one of the annual budget meetings due to the complexity of the situation, the time frame and because the Board needs more budgetary information. Sheriff Whisenant said the Sheriff's Office had to hire 37 employees within six (6) months and this situation would only require hiring up to three (3) employees within five (5)

Minutes Acceptance: Minutes of Mar 3, 2020 3:00 PM (APPROVAL OF MEETING MINUTES)

months, discussion ensued. Vice Chairman Mulwee pointed out that this is a whole new undertaking for county administration, and he does not want to make a snap decision. Commissioner Brittain commented on the need for a collaborative approach to make this work and it should not be voted on until the details are worked out. Chairman Carswell said he agrees with the concept, but more information is needed to make sure Burke County has an airtight plan and that he wants the transfer process to be a collaborative effort. Sheriff Whisenant said if the Sheriff's Office is going to be asked to continue enforcing the animal ordinance, they would like to be involved with the discussion on any proposed changes and he objected to some of the language in the draft ordinance. The Board agreed to remove this item until further research can be completed.

RESULT: REMOVED FROM THE AGENDA.

OTHER DISCUSSION ITEMS

JAIL COST

Commissioner Abele requested information on the true cost of the new jail including equipment furniture, etc. and noted a few different prices have been stated. Chairman Carswell said he wants that information as well, it will be provided and noted there is a difference between the construction cost and the operational cost of the jail. Commissioner Abele responded that he's only interested in the construction and furniture/fixtures amount and noted that he believes the operational costs will be astronomical. Discussion continued during which Commissioner Taylor presented documents referencing jail costs, one of which was a portion of meeting minutes from 2015 and the other document contained jail figures that were provided by the Finance Director. In response to Commissioner Abele's inquiry, Margaret Pierce, Deputy County Manager/Finance Director, advised that the budget number of +/- $24 million, included furniture and equipment. Commissioner Taylor said he resents the lies told about him in the newspaper and on the radio, which are causing himself and Commissioner Abele to receive an influx of calls from citizens. He further said all the Commissioners have usually voted in favor of economic development items that bring jobs to Burke County and noted there are not three (3) commissioners on the Board, there are five (5).

FINANCE - PRESENTATION OF FY 18-19 AUDIT

Scott Cook, Deputy Finance Director, introduced Phil Church and Rick Hammer, with Lowdermilk Church & Co. LLP, who presented highlights of the audit for FY 18-19 and responded to questions from the Board.

Mr. Church said they gave a clean unmodified opinion on the County's financial statements and a clean unmodified opinion on the compliance reports which encompasses the use of State and federal funds and noted this is a A-133 audit. Mr. Church noted the Local Government Commission (LGC) approved the audit.

Rick Hammer, presented the following budgetary information:

Chairman Carswell opened the floor for questions and comments from the Board. Commissioner Taylor asked why there was such a large gap between what was originally budgeted for donations compared to what was received. Mr. Hammer said he would have to look back at his figures to give a specific answer. Commissioner Taylor noted, under the School One Cent Sales Tax Fund section of the audit, the County is back to its pre-recession levels of funding which should be taken into consideration during the upcoming budget year. Mr. Hammer and Mr. Church responded to additional questions from Commissioner Taylor concerning the audit. Commissioner Taylor distributed budgetary information that he compiled concerning the cost of the new jail, discussion ensued regarding the cost of the sally port project and the jail, and Commissioner Taylor requested that Finance staff and the auditors review his handout to see if his figures are correct. Commissioner Taylor noted that Burke County's revenues are up by $23 million. Mr. Church said those figures are in the audit for statistical/informational purposes only. Commissioner Taylor also noted that while revenues are up, so are expenses, by over $45 million.

NOTE: I DID NOT CHANGE ANY OF THE NUMBERS BELOW. OBVIOUSLY, THEY WOULD INCREASE WITH THESE HIGHER NUMBERS...

Interesting Facts:

1. At a 20 year cost of $71,719,421.00 totals $280,153.98 per jail cell for debt payment & added staff.
2. We gained 68 jail cells. The "20 year" cost per cell gained is $1,054,697.00
3. If we go with 43 additional staff employees (Sheriffs' Request) the "20 year" cost is $300,444.00 per jail cell.
4. If we just count only the 68 gained cells the cost of construction and added staff is $1,101,818. per cell.
5. If you divide the entire 256 cells by construction pay-out only ($30,728,971.00), it's $120,035,.00 per jail cell.
6. Each tax cents represents $700,000.00. If you divide yearly payment of 4,709,274.00 by $700,000.00, it takes 6.73 tax cents to make the yearly payment for both debt cost and additional staff.
   Translated, it will take over 6.73 cents of the 69.5 tax cents to support the new jail.
   After this year it will take 6.61 tax cents to support the new Jail. Obviously, the debt and interest will decline as the $22,000.000.00 debt is paid. **Or, we could have lowered the tax rate a minimum of six (6) cents!**
7. It is obvious that the 7% revenue increase proposed in the budget will go to support the new Jail. The citizens will carry this burden for 20 long years.

P.S. The Sheriff stated that the design of the new jail will take more officers than the old one. However, for months we went through the daily process of documenting the number of prisoners transported to other jails and paying $350K to $500K per year for rented jail cells. If you do the simple math you will see that only ten (10) of these new officers will cost MORE than the rented jail cells cost. And we get the savings of insurance, retirement, etc. etc.. As we can see, possibly it was the "Best Buy For the Buck" item in the budget!

INFORMAL PUBLIC COMMENTS

At 6:36 p.m. Chairman Carswell opened the floor for informal public comments. To reduce the spread of the COVID-19 virus, citizens were given the option to speak in person following social distancing guidelines or submit written statements to be read aloud by the Clerk.

Gwen Hood, 4077 Plantation Dr., Morganton, said she is a member of the Burke County Animal Welfare Alliance and said her comments are directed to the ongoing issues at Burke County Animal Control. She said there are ongoing incidents of incompetency, negligence, and cruelty. Ms. Hood noted the recent example of a puppy, Sophie, who was almost 10 months old and 15 lbs., who was lethally tranquilized with a dart gun by a Burke County Animal Control Officer in an attempt to subdue the loose dog. Ms. Hood said the American Humane manual advises that an animal 25 lbs. or less should not be darted with a tranquilizer gun. She noted that some counties, such as Catawba, will not allow animals to be tranquillized due to the danger it can pose to an animal. Ms. Hood said Sophie was not aggressive, according to a number of witnesses, and two (2) veterinarians and the officer's own report showed that Sophie was overdosed with 7.5 times the amount of tranquilizer a dog her size should have been given. Ms. Hood said the initial report by Animal Control does not mention that the animal was tranquilized or that the officer tried to find the animal, only that he was unable to catch the dog. Ms. Hood said this event leads her to question how many other animals have been overdosed and left to die by Animal Control. She said the report noted the officer was on the scene for one (1) hour and 12 minutes which is not enough time to follow proper protocol. Ms. Hood said while timid, Sophie was taking treats from people and staying still long enough to have her picture taken, as well as wearing a collar. Ms. Hood said Sophie suffered and died because of an Animal Control Officer's decision and noted that this is not the first time in recent months that an animal tranquilized by Animal Control has died. She said it is also concerning that the Sheriff's Department investigates itself and noted there needs to be accountability. Until Animal Control can come under the authority of the County Manager the use of tranquilizers should stop and more humane trapping methods implemented, Ms. Hood said.

Terry Dellinger, 5481 Vanhorn Road, Connelly Springs, said she was the owner of Sophie. Ms. Dellinger said the officer who responded to Sophie did not spend adequate time trying to catch her before she was darted. She noted Sophie was darted with far too much tranquilizer for her size and said she has sent Sophie's body off for a necropsy and toxicology report because she opened the investigation into Animal Control. However, Ms. Dellinger said, she is unsure what is going to come of the investigation because the Sheriff's Department investigates themselves. She said she never wants this to happen to another animal and it is devastating to her that Animal Control could do that to her puppy who was just lost and scared.

Clerk Draughn read the following statement from Gwendolyn Salvaggio Stephens:

Minutes Acceptance: Minutes of Mar 17, 2020 6:00 PM (APPROVAL OF MEETING MINUTES)

"My name is Gwendolyn Salvaggio Stephens and I live at 211 Hilltop Street in Rutherford College, NC. Currently, I serve on the Burke County Animal Advisory Board as vice-chair, and I serve on the Burke County Dangerous Animal Appeals Board. In addition, I am an animal owner and lover of animals. I would like to take a moment to share my thoughts regarding a situation that occurred on March 3, 2020 concerning Burke County Animal Control, Burke County citizen Terry Dellinger and her pet dog Sophie. I am a part of a group in this county that helps to write and revise animal ordinances; therefore, it is my responsibility to know and understand both county and state ordinances. It is my understanding that this small Mountain Feist named Sophie weighed 15.9 pounds according to her owner, and it is also my understanding that this little Mountain Feist wandered off her property and was lost. She was spotted at the George Hildebrand School and someone called Animal Control to pick up the dog. It is my understanding that a trap was taken and only less than hour was spent trying to trap Sophie. Instead, she became afraid of Animal Control's antics to get her in the trap and bared her teeth. It is also my understanding that Sophie, being afraid, ran, and Animal Control Officer Foster darted Sophie. Several animal professionals have told me that small dogs such as Sophie, quite often do not survive darting because of the small body weight. I fully understand the procedure and need for darting, but not on a dog of this size. Sophie ran after being darted which most dogs do because of the adrenaline that rushes after the darting action and medication given to her. The dog was left in the cold and rain for over six hours until a good Samaritan saw her lying in a ditch. The problem I see with this is that if the officer felt she was a danger to others and felt the need to dart her, then why didn't he take more time in trying to find her and take her back to Burke County Animal Services to be evaluated and treated by a vet for the poison running through her system. Is it not conceivable that she could have awakened and still been a dangerous dog in that area where she was originally a threat? Or did the officer, in fact, think that the dose he gave her was lethal? Was this an intentional overdose or was this poor judgement on Officer Foster's behalf. I also understand there was an investigation by the Burke County Sheriff's Dept., but how can an entity such as this investigate itself since Animal Control is part of the Burke County Sheriff's Dept.? This isn't acceptable. This is the 2nd dog this year, that we know about, to die because of darting, so I have to question the dosages being calculated."

There was no one else to address the Board; therefore, Chairman Carswell closed this portion of the meeting.

Resolution No. 2020-05 reads as follows:

Burke County
North Carolina

Resolution Supporting the Establishment of a Nonprofit Foundation
for the Burke County Animal Services Center

Whereas, from the early 1970s until 2019, the Sheriff's Office has been responsible for animal control enforcement and operation of the animal shelter in Burke County; and

Whereas, in 2019 because of extremely high euthanasia rates and public concern, the Burke County Board of Commissioners commissioned a staff report on realignment strategies and best management practices for operation of the animal shelter, which resulted in an extensive, comprehensive report which included 39 recommendations for change and improvement; and

Whereas, one such recommendation was the establishment of a nonprofit foundation to support the needs of the animal shelter; and

Whereas, also as recommended by the staff report, the County Commissioners moved the operation of the animal shelter from the Sheriff's Office to the County Manager's Office and created the Animal Services Department; with Animal Control enforcement remaining under the Sheriff's authority; and

Whereas, as part of the 2019 transition, the Animal Services Department now works with an aging animal shelter that is severely undersized to meet current public demand and to utilize best animal housing practices, and best adoption standards and practices; and

Whereas, through a competitive process, the County hired PNP Design Group / Shelter Planners of America to complete a facility needs assessment and estimate future animal and human population trends; and

Whereas, the consultant completed the study and recommended the County construct a new 13,914 sq. ft. animal adoption facility with a projected cost of between $4.8 million to almost $6 million; and

Whereas, the County Commissioners officially received and accepted the facility needs assessment at a special meeting held on January 30, 2020; and

Whereas, while the County Commissioners strongly support the construction of a new animal services facility in the next few years, the County has numerous other buildings in need of immediate repairs, and many other fiduciary responsibilities; and

Whereas, the topic of a nonprofit foundation dedicated to raising funds to build a new Animal Services Center was raised at the Commissioners retreat in February, 2020; and the Commissioners present reacted favorably to the creation of a nonprofit foundation; and

Whereas, the purpose of the nonprofit foundation would be to raise funds for the construction of a new Animal Services Center in Burke County, to apply for grants to benefit the Center and

Minutes Acceptance: Minutes of Mar 17, 2020 6:00 PM (APPROVAL OF MEETING MINUTES)

the animals it cares for, and to otherwise work for and financially support Animal Services in Burke County.

NOW THEREFORE, BE IT RESOLVED BY the Burke County Board of Commissioners that it:

1. Expresses its support for the construction of a new Animal Services Center in the future,
2. Expresses its support for the creation of a nonprofit foundation to benefit the Animal Services Center,
3. Requests staff cooperation with and encouragement of any group of persons interested in forming such a nonprofit foundation, and
4. Expresses appreciation to all the Burke County citizens who have worked tirelessly to improve local animal welfare and continue to do so.

TAX DEPT. -TAX COLLECTION REQUEST TO CHANGE MINIMUM TAX BILL TO $5.00

On September 3rd, 2002 the Burke County Board of Commissioners adopted a "*Resolution Authorizing the Tax Collector to make Adjustments for Underpayments or Overpayments and to Set a Minimum Billing Amount*". This resolution had two parts. The first part authorized the Burke County Tax Collector to treat "small underpayments" of $1.00 or less as payment in full. It also authorized that "small overpayments" of $1.00 or less not to be refunded. This was in accordance with North Carolina General Statute 105-357(c).

The second part of this resolution authorized the Burke County Tax Collector not to bill taxpayers for amounts for $1.00 or less. This was within the range (up to $5.00) allowed by North Carolina General Statute 105-321(f).

No change is being requested for the first part of the current resolution; it is compliant with North Carolina General Statute.

The requested change is from the second part, increase the minimal tax bill from $1.00 to $5.00, the maximum amount allowed by North Carolina Genera Statute 105-321(f). This is due to the increased cost of printing, insertion, mailing (postage), staff time to prepare and collect bills, and other cost such as bank processing. This cost is around $4.50 per bill and that amount increases dramatically when the bill goes delinquent. Due to the research required to collect delinquent property tax is extremely time consuming and may or may not result in the bill getting paid.

Here is a poll of some neighboring counties that responded:

County	Minimum Bill	Notes
Burke	$1.00	

Minutes Acceptance: Minutes of Mar 17, 2020 6:00 PM (APPROVAL OF MEETING MINUTES)

Caldwell	$5.00	
Henderson	$5.00	
Lincoln	$1.00	Requesting Increase
McDowell	$3.00	
Rutherford	$1.00	Requesting Increase

Also, the quantity of these small bills has increased since implementing GAP Billing on motor vehicles. GAP is the period between when the tagged motor vehicle registration expired and when it was renewed. In most cases less than one month. North Carolina General Statute 105-330.3(2) requires taxing jurisdictions to bill the vehicles for this unregistered period as personal property. Stats for all 2019 bills between $1.00 and $5.00 are as follows:

TABLE A

# Bills Between $1.00-$5.00	4,321
Taxes Generated	$11,289.57

TAX - APPROVAL OF AGREEMENT WITH DATAMAX FOR ENFORCED COLLECTION

The way tagged vehicles were taxed changed mid-year in 2013. Prior to 2013, the Tax Office sent vehicle tax (personal property) bills three (3) months after the renewal, known as the "RMV System", to the tax being included on the vehicle registration notice, known as "VTS" or "Tag and Tax". The old RMV system had a collection rate of around 80-86%, which left a lot of delinquent unpaid taxes. To collect these delinquent taxes, the Tax Office contracted with DataMax in 2012. (Under the VTS Tag & Tax system, the vehicle tax collection rate is very high.)

DataMax is a collection agency that calls and send letters to delinquent taxpayers (personal property) for debt collection. If payment is not made in a timely manner, then DataMax reports the debt to the credit reporting agencies and files the debt on the Debt Setoff Program.

Minutes Acceptance: Minutes of Mar 17, 2020 6:00 PM (APPROVAL OF MEETING MINUTES)

DataMax is paid on a contingency basis for what is collected. For accounts under seven (7) years old the amount is 25% and the amount is 50% for accounts over seven (7) to ten (10) years old. DataMax offers delinquent taxpayers the option to either pay them or pay at the Tax Office. Currently, there are 10,279 personal property bills on file with DataMax and they have submitted debts to the Debt Setoff Program for 3,047 taxpayers. So far for 2019/2020, DataMax has helped staff collect $59,799 in taxes at a cost of $16,180.37. The Tax Administrator requests the Board to continue this enforced collection procedure and authorize the County Manager to execute the contract on behalf of the Board.

Note: Delinquent real property tax is not submitted to DataMax for collection.

Motion: To approve the contract between Burke County and DataMax Corporation, subject to review and/or revision by the County Attorney and authorize the County Manager to execute it on behalf of the Board.

ITEMS FOR DECISION

HR - EMERGENCY LEAVE WITH PAY - COVID-19

Rhonda Lee, Human Resources Director reported due to the World Health Organization's recent declaration that the Novel Coronavirus (COVID-19) is now a pandemic and the State of North Carolina's recent declaration of a state of emergency related to the virus, Burke County is working proactively to prepare for the possible event that the virus may present itself in our community and/or workplace. In the event a Burke County employee and or family member of an employee contracts COVID-19, the employee may be out of work for an extended period of time and they may or may not have enough accrued sick or vacation leave to cover the extended absence. Due to this extreme situation, it is recommended that the County Manager be authorized to approve emergency paid leave for employees who are diagnosed with COVID-19 and/or quarantined due to the illness. The County Manager's authority to authorize emergency paid leave would be in effect immediately and end once the pandemic is contained. Further, the Board is asked to grant authority to the County Manager to approve other recommended emergency actions related to the virus that may be needed, but unknown at this time. However, if federal action is taken in the very near future, it may negate the need for this request. The HR Department is consulting with the UNC School of Government to ensure compliance with all federal and state laws related to this request, but a response from them was not available at the time of agenda distribution. Ms. Lee also stated she along with the County Attorney have been researching proposed federal responses to COVID-19 and at this time, she is unsure if the County would be covered under those provisions.

Chairman Carswell opened the floor for questions and comments from the Board. Commissioner Taylor said according to information he received, there are motions in progress at the state and federal level of government to ensure that if people are told to not work due to COVID-19, then they will be provided compensation. Ms. Lee said she heard that those measures may be for employers with 500 employees or less and Burke County has more than 500 employees. A short discussion ensued. Commissioner Taylor suggested adding wording to the motion, to approve provided if the state or federal government does not deliver on what they said.

Minutes Acceptance: Minutes of Mar 17, 2020 6:00 PM (APPROVAL OF MEETING MINUTES)

Motion: To authorize the County Manager to approve emergency paid leave for Burke County employees who have either been diagnosed with COVID-19 or have been quarantined due to the virus, if the state of federal government does not deliver on their promises. The authorization will be in effect until the pandemic has been contained. Further, authorize the County Manager to take additional emergency action that may be needed due to COVID-19.

He then offered Board members a copy of the information he received from which he compiled his cost estimates regarding the new jail. Commissioner Taylor also said he completed his 2020 Census today, it was very easy, and he encouraged everyone to complete the 2020 Census.

Vice Chairman Mulwee wished everyone a happy Saint Patrick's Day and noted while it has been a stressful couple of weeks, we will get through this and there is light at the end of the tunnel. He encouraged everyone to listen to authorities and to stay safe.

J.R. Simpson, II, County Attorney, provided an update on projects he has worked on since the last Board meeting.

He said he is proud of the work they are doing, and there is a plan of action in Burke County and currently, there are no identified cases of COVID-19 in Burke County. He said information will come daily from Lisa Moore, Health Education Supervisor, around 4:00 p.m. to ensure there is one (1) consistent source of information from all entities. He said the Board is currently still planning to hold their March 24, 2020 special meeting to tour the courthouse, and then hold the grand opening of the sally port in the back of the courthouse. Note: The special meeting and grand opening of the sally port were eventually cancelled due to COVID-19.

COMM. DEV. - ACCEPT 2020 ABANDONED MANUFACTURED HOME GRANT

Shane Prisby, Operations Manager, reported the Community Development Department applied for and received a $10,000 grant from NC Department of Environmental Quality to remove 6-7 Abandoned Manufactured Houses. The grant would reimburse $1,500 per single-wide unit removed or $2,500 per double-wide unit. The department has already had more applicants to the program than the grant would cover. The applicants have agreed to pay the tipping fee for disposal at the landfill. The County would hire a contractor to remove the unit and separate out any hazardous materials. The removals would be bid out as a single contract. The County would be responsible for any amount over the reimbursement rate and the department is requesting authorization of up to $2,335 from the General Fund to complete the removals.

Chairman Carswell opened the floor for questions and comments from the Board. Mr. Prisby responded to questions from Commissioner Taylor as did Scott Carpenter, Deputy County Manager/Planning Director. Commissioner Taylor suggested including the $10,000 grant award in the motion and asked the County Attorney if that would be appropriate. Attorney Simpson said that would be fine.

COMM. DEV. - ACCEPT RECREATIONAL TRAILS PROGRAM 2020 GRANT CONTRACT - OVNHT BOARDWALK

Shane Prisby, Operations Manager, said with the Board of Commissioner's approval, the Burke County Community Development Department has applied to and has received a $68,000 Recreation Trails Program grant from North Carolina Department of Natural and Cultural Resources (NCDNCR) for trail and boardwalk construction on the Fonta Flora State Trail/Overmountain Victory National Historic Trail. This grant requires a $17,000 match which will come from the Duke Energy CRA funding. This project will cover trail and boardwalk construction from the existing trail on Lake James State Park Land to Canal Bridge on NC 126 which the trail will use to cross Lake James. In order to receive the money, the Board of Commissioners must approve the grant agreement.

Chairman Carswell opened the floor for questions and comments from the Board. Commissioner Taylor

Minutes Acceptance: Minutes of Apr 7, 2020 3:00 PM (APPROVAL OF MEETING MINUTES)

suggested adding the grant award amount and required match to the motion. The County Attorney concurred with the requested modification.

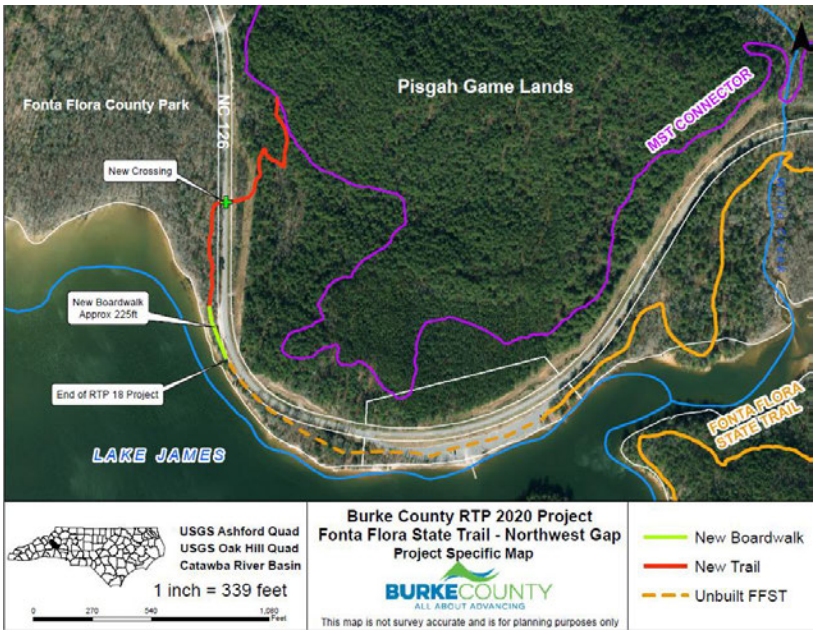
COMM. DEV. - ACCEPT RECREATIONAL TRAILS PROGRAM 2020 GRANT CONTRACT - NORTHWEST GAP 2

Shane Prisby, Operations Manager, said with the Board of Commissioner's approval, the Burke County Community Development Department has applied to and has received a $89,400 Recreation Trails Program grant from North Carolina Department of Natural and Cultural Resources (NCDNCR) to complete the trail and boardwalk construction on the Fonta Flora State Trail at Linville Access across NC 126 to the existing MST Connector trail. This grant requires a $22,350 match. In order to receive the money, the Board of Commissioners must approve the grant agreement.



At the time of application, there was concern that we would not be able to complete the project with the initial grant as the amount of necessary boardwalk was doubled to comply with NCDOT requirements. The resulting low bid should allow us to complete the project in its entirety. Because the original grant request has been met, Community Development is working with NC Parks to amend the grant for a project on the other side of Lake James. The new project will be approximately 2 miles of new trail on the Fonta Flora/Overmountain Victory National Historic Trails through 1780 and the Enclave subdivisions. This new project can be matched with Duke Energy CRA (Comprehensive Relicensing Agreement) funding, and no match will be necessary from Burke County.

Chairman Carswell opened the floor for questions and comments from the Board. Commissioner Taylor suggested adding the grant award amount and required match to the motion.

CD - RESOLUTION TO SUPPORT 2021 RECREATIONAL TRAILS PROGRAM GRANT APPLICATION - OVNHT/FFST CANAL BRIDGE

Shane Prisby, Operations Manager, reported the Community Development Department is applying for a 2021 Recreational Trails Program (RTP) grant. If awarded, this grant will fund a new section of trail connecting the existing sections of the Overmountain Victory National

Minutes Acceptance: Minutes of Apr 7, 2020 3:00 PM (APPROVAL OF MEETING MINUTES)

Historic Trail and Fonta Flora State Trail at Lake James State Park to other portions of the park across Canal Bridge on NC 126.

Chairman Carswell opened the floor for question and comments from the Board. Mr. Prisby said the County would be able to use Duke CRA (Comprehensive Relicensing Agreement) funds to match the grant up to $50,000. Commissioner Brittain asked if it was correct that the County would not have to supply any funds because Duke CRA funds are available. Mr. Prisby said that is correct, up to $50,000.

The proposed resolution reads as follows:

Resolution in Support of Application to the 2021 Recreational Trails Program
Overmountain Victory National Historic Trail - Canal Bridge

WHEREAS the North Carolina State Trails Program administered by the North Carolina Division of Parks and Recreation is tasked with distributing funds from the 2021 Recreational Trails Program; and

WHEREAS the North Carolina Trails Committee invited Burke County to apply for funds for the Overmountain Victory National Historic Trail (OVNHT) and Fonta Flora State Trail (FFST), and more specifically the OVNHT/FFST - Canal Bridge project; and

WHEREAS in order to receive funds Burke County is required to provide a 25 percent match up to $50,000 for a request of $200,000, which is the maximum for the 2021 grant cycle; and

WHEREAS Burke County desires to continue advancing the OVNHT and FFST by connecting sections of Lake James State Park across Canal Bridge on NC 126; and

WHEREAS this match will be provided via monies from Duke Energy's obligation to part of the Overmountain Victory National Historic Trail through the Comprehensive Relicensing Agreement (CRA) with the Federal Energy Regulatory Commission and/or additional grant funding secured in the future.

NOW THEREFORE the Burke County Board of Commissioners resolves to support the application to the 2021 Recreational Trails Program and provide the 25 percent match via OVNHT CRA funding and/or additional grant funding secured in the future.

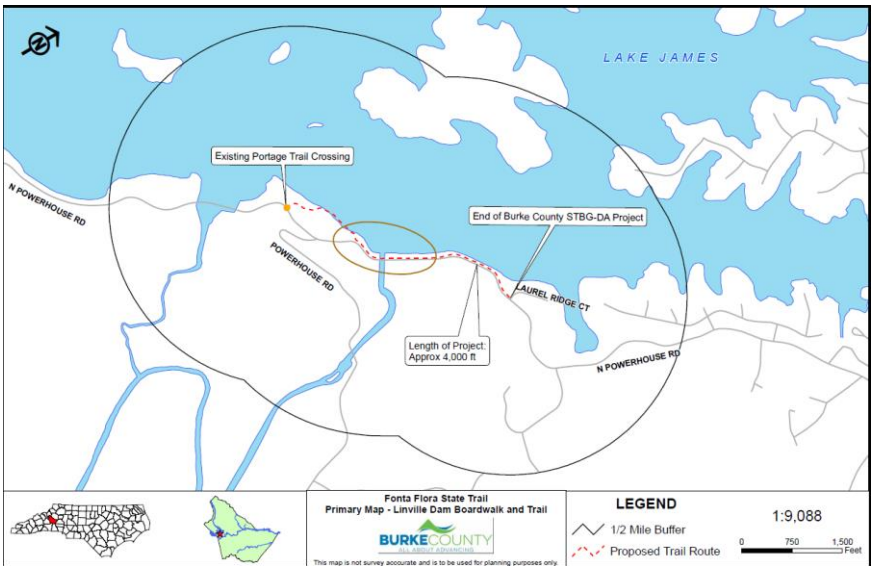
COMM. DEV. - ACCEPT STBG-DA GRANT AGREEMENT - LINVILLE DAM

Shane Prisby, Operations Manager, reported the Greater Hickory Metropolitan Planning Organization (GHMPO) issued a call for projects to agencies in its jurisdiction for Surface Transportation Block Grant - Direct Attributable Funding (STBG-DA). Burke County Community Development Department applied for and was awarded $400,000 for the Fonta Flora State Trail - Linville Dam and Boardwalk and trail. This grant will be matched with $100,000 of County funds approved by the Board of Commissioners as part of the FY 20 budget.

Minutes Acceptance: Minutes of Apr 7, 2020 3:00 PM (APPROVAL OF MEETING MINUTES)



Chairman Carswell opened the floor for questions and comments from the Board. Commissioner Taylor asked if the right of way (ROW) is usually given to the County or is it paid for. Mr. Prisby said the ROW phase is a part of the STBG-DA process and is purchased with the funding. He said this project is entirely on Duke Energy land, so they would just be dealing with one (1) owner, Duke Energy.

ITEMS FOR DECISION

HR – FAMILIES FIRST CORONAVIRUS RESPONSE ACT – EMERGENCY FAMILY MEDICAL LEAVE EXCLUSIONS
Margaret Pierce, Deputy County Manager/Finance Director, presented information regarding the Families First Coronavirus Response Act – Emergency Family Medical Leave exclusions as

Minutes Acceptance: Minutes of Apr 7, 2020 4:00 PM (APPROVAL OF MEETING MINUTES)

follows:

The President signed the Families First Coronavirus Response Act (FFCRA) on March 18th. This Act requires certain employers to provide their employees with paid sick leave and expanded family medical leave for specified reasons related to COVID-19. These provisions will apply from April 1, 2020 through December 31, 2020.

Employers covered under the Act (Burke County is a covered employer) must provide employees:

Up to two weeks (80 hours, or a part-time employee's two-week equivalent) of paid sick leave based on the higher of their regular rate of pay, of the applicable State or Federal minimum wage, at:

- 100% for qualifying reasons #1-3 below, up to $511 daily and $5,110 total;
- 2/3 for qualifying reasons #4 and 6 below, up to $200 daily and $2,000 total; and
- Up to 10 weeks more of paid sick leave and expanded family and medical leave paid at 2/3 for qualifying reason #5 below for up to $200 daily and $12,000 total.

A part-time employee is eligible for leave for the number of hours that the employee is normally scheduled to work over that period.

In general, employees of Burke County are eligible for up to two weeks of fully or partially paid sick leave for COVID-19 related reasons (see below). Employees who have been employed for at least 30 days prior to their leave request may be eligible for up to an additional 10 weeks of partially paid expanded family and medical leave for reason #5 below.

An employee is entitled to take leave related to COVID-19 if the employee is unable to work, including unable to telework because the employee:

1. Is subject to a Federal, State, or Local quarantine or isolation order related to COVID-19;
2. Has been advised by a health care provider to self-quarantine related to COVID-19;
3. Is experiencing COVID-19 symptoms and is seeking a medical diagnosis;
4. Is caring for an individual subject to an order described in (1) or self-quarantine as described in (2);
5. Is caring for his or her child whose school or place of care is closed (or childcare provider is unavailable) due to COVID-19 related reasons; or
6. Is experiencing any other substantially similar condition specified by the U.S. Department of Health and Human Services

The FFCRA allows for covered employers to exclude healthcare providers and emergency responders from the Emergency FMLA provisions and/or the Emergency Sick Leave provisions of the Act. The US Department of Labor

Minutes Acceptance: Minutes of Apr 7, 2020 4:00 PM (APPROVAL OF MEETING MINUTES)

defines an emergency responder as follows: "For the purposes of employees who may be excluded from paid sick leave or expanded family and medical leave by their employer under the FFCRA, an emergency responder is an employee who is necessary for the provision of transport, care, health care, comfort, and nutrition of such patients, or whose services are otherwise needed to limit the spread of COVID-19. This includes but is not limited to military or national guard, law enforcement officers, correctional institution personnel, fire fighters, emergency medical services personnel, physicians, nurses, public health personnel, emergency medical technicians, paramedics, emergency management personnel, 911 operators, public works personnel, and persons with skills or training in operating specialized equipment or other skills needed to provide aid in a declared emergency as well as individuals who work for such facilities employing these individuals and whose work is necessary to maintain the operation of the facility. This also includes any individual that the highest official of a state or territory, including the District of Columbia, determines is an emergency responder necessary for that state's or territory's or the District of Columbia's response to COVID-19."

The County Manager, Human Resources Director and Deputy County Manager/Finance Director conferred with each Department Head who supervise employees classified as Emergency Responders. The Department Heads, unanimously, recommended an exclusion for Emergency Responders from the Emergency FMLA provisions of the FFCRA only. This recommendation will exclude Emergency Responders from up to 10 weeks more of paid sick leave and expanded family medical leave paid at 2/3 if the employee is unable to work because the employee is caring for his or her child whose school or place of care is closed. This recommendation is based solely on the importance of maintaining critical staffing levels and emergency services to our citizens during the pandemic.

The State and other community partners have established childcare options for essential emergency responders to consider in order to assist them during this time.

Ms. Pierce said there are two (2) pieces to this act that allow for certain employee groups (emergency response) to be excluded from the Families First Coronavirus Response Act (FFCRA). Ms. Pierce said she and Rhonda Lee, HR Director, met with the relevant department heads to get their recommendations regarding their departments. She said the first part of the act is the paid sick leave portion which is up to 80 hours at the employees' regular rate of pay. Ms. Pierce said the second part of the act is the Emergency Family Medical Leave Act which is only for childcare. She said upon review with the relevant departments, the recommendation that they are requesting the County to support is that employees who are defined by the Department of Labor as emergency responders be excluded from the Emergency Family Medical Leave Act portion. She said this gives them an additional 10 weeks to be at home for school or daycare closures and they would still be a part of the original sick leave act up to 80 hours.

Chairman Carswell opened the floor for questions or comments from the Board and there were none.

Minutes Acceptance: Minutes of Apr 7, 2020 4:00 PM (APPROVAL OF MEETING MINUTES)

INFORMAL PUBLIC COMMENTS

Due to the Board holding a remote meeting, public comments were submitted to Clerk Draughn in advance to be read aloud at the meeting. Four (4) citizens submitted public comments.

Loralie Clark, Owner/Manager, Lakeside Pagoda LLC

> "I would like to respectfully request a lift on the ban on all VRBO, AirBnB and other vacation rentals of less than one month. Burke county is not a population dense area and the majority of the vacation rentals are located in private homes that are not near busy public areas. Guests will be able to practice the recommended COVID-19 safety precautions. Vacation rentals offer an alternative to hotels, which have remained open throughout this stay at home order. The many rentals located on or near Lake James and Linville Gorge offer proximity and convenience to access public boat ramps and Lake James, which is open for public use. Memorial Day weekend has traditionally been the beginning of the summer tourism season in the Burke county area. Most of these vacation rentals are operated as small businesses. During the summer months they earn the majority of the income needed to support that business for the entire year. Continuing the ban on vacation rentals into the summer months will have a devastating effect on these small businesses as well as the local economy which is dependent on summer tourism. Thank you for your consideration in this matter."

Minutes Acceptance: Minutes of Apr 21, 2020 6:00 PM (APPROVAL OF MEETING MINUTES)

Karen Hennessee, Office Manager/ Property Manager, Lake James Real Estate

> "I understand that we are in unprecedented times and I respectively approve of the social distancing precautions that have been implemented throughout our county. Vacation rentals offer families a private and safe environment to stay. There is no shared space with other people, unlike motels and hotels, they get the entire property. These homes are professionally cleaned during each stay. Our guests will be able to practice the recommended COVID-19 safety precautions during their stay. These rentals are a great source of economy to Burke County Tourism and also relieve a great financial burden on the owners, who rely on this income. With Memorial Day weekend fast approaching, and our season being limited to summer and early fall, the owners would appreciate the ability to resume rentals and lessen the financial impact on their income. Thank you for your consideration."

Al Raynor and Eileen Raynor

> "Please consider lifting the ban on short term rentals. Our home at Lake James is a single-family residence--no different than the thousands of other single-family residences where families are sheltering in place. Our guests have no desire to contract Coronavirus, and therefore would not be mingling with the neighbors or violating public health recommendations. The closest our guests might come to a neighbor would be approximately 40 feet, and that would be outside in open air, and only then if both parties chose to engage each other. That is a much safer scenario than in hotels, which are allowed to operate, and a safer scenario than most of us encounter every day at the grocery store, Wal Mart, post office, bank, and boat ramps, all of which remain open. Our VRBO website has over 25 reviews from previous guests, and many of them delineate what they enjoyed about our home: Reading on the porches, swinging on the dock, watching sunsets, privacy, fishing, grilling, relaxing. Not one guest has ever imposed himself or herself on a neighbor, and it seems incomprehensible that a vacationer would subject the neighbors to any realistic risk. Thank you for your consideration."

Isaac Hoff, Director of Operations, Beanstalk Builders

> "I would like to respectfully request a lift on the ban on all rentals of less than one month. As these rentals offer a safer option to hotels for personnel that do have to travel during this time. Thank you."

With there being no further comments, Chairman Carswell closed this portion of the meeting.

COMM. DEV. - ACCEPT 2020 ABANDONED MANUFACTURED HOME GRANT

The Community Development Department applied for and received a $10,000 grant from NC Department of Environmental Quality to remove 6-7 Abandoned Manufactured Houses. The grant would reimburse $1,500 per single-wide unit removed or $2,500 per double-wide unit. The department has already had more applicants to the program than the grant would cover. The applicants have agreed to pay the tipping fee for disposal at the landfill. The County would hire a contractor to remove the unit and separate out any hazardous materials. The removals would be bid out as a single contract. The County would be responsible for any amount over the reimbursement rate and the department is requesting authorization of up to $2,335 from the General Fund to complete the removals. An increase of $2,335 from the grant and an expense of up to $2,335 from the General Fund for any additional expenses.

Motion: To accept the Abandoned Manufactured Housing Removal Grant in the amount of $10,000 and authorize up to $2,335 of Fund Balance from the General Fund for the completion of the removals. Further, authorize the County Manager to execute the grant agreement and removal contract on behalf of the Board, subject to review and/or revision by the County Attorney.

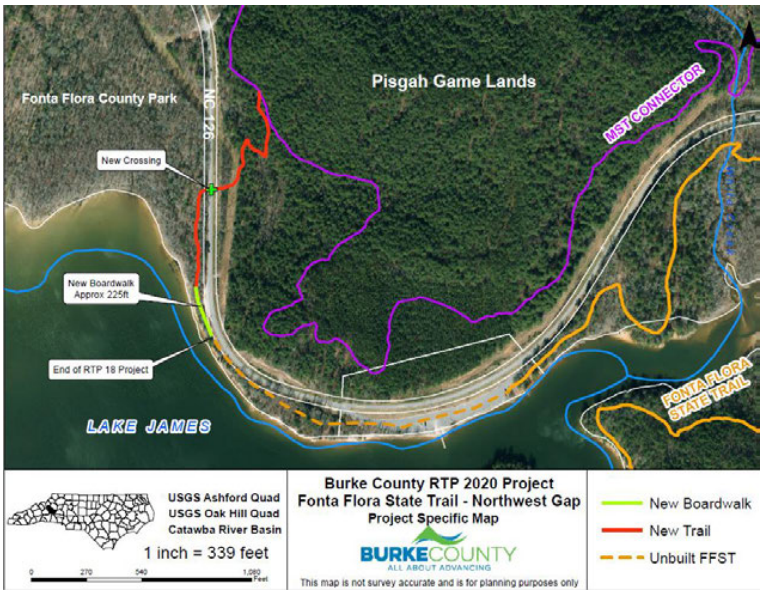
COMM. DEV. - ACCEPT RECREATIONAL TRAILS PROGRAM 2020 GRANT CONTRACT - NORTHWEST GAP 2



With the Board of Commissioner's approval, the Burke County Community Development Department has applied to and has received a $89,400 Recreation Trails Program grant from North Carolina Department of Natural and Cultural Resources (NCDNCR) to complete the trail and boardwalk construction on the Fonta Flora State Trail at Linville Access across NC 126 to the existing MST Connector trail. This grant requires a $22,350 match. In order to receive the money, the Board of Commissioners must approve the grant agreement.

At the time of application, there was concern that we would not be able to complete the project with the initial grant as the amount of necessary boardwalk was doubled to comply with NCDOT requirements. The resulting low bid should allow us to complete the project in its entirety. Because the original grant request has been met, Community Development is working with NC Parks to amend the grant for a project on the other side of Lake James. The new project will be approximately 2 miles of new trail on the Fonta Flora/Overmountain Victory National Historic Trails through 1780 and the Enclave subdivisions. This new project can be matched with Duke Energy CRA funding, and no match will be necessary from Burke County. If State Parks approves the requested changes to the grant**,** then there will be no effect to the County budget. The grant would be matched with Duke Energy CRA funding.

Motion: To approve the Recreational Trails Program grant contract for $89,400 between the North Carolina Department of Natural and Cultural Resources and Burke County. Further, authorize the County Manager to execute the agreement on behalf of the Board, subject to review and/or revision by the County Attorney.

BOC - REPORTS & COMMENTS

Chairman Carswell opened the floor for reports and comments from Commissioners and staff.

Commissioner Taylor said his reports are in the agenda packet for review and that he has received multiple calls within the past few days regarding the location of the proposed convenience site in the eastern part of the County. Commissioner Taylor said citizens who called him were angry and he instructed them to send their comments to Clerk Draughn as stated in the agenda. Clerk Draughn noted she did not receive any comments concerning the proposed convenience site. He then encouraged citizens to complete the 2020 Census.

Commissioner Brittain thanked the employees who are responding to the COVID-19 pandemic and said he appreciates them. He especially thanked DSS who continues to provide services to citizens and have adapted to the current situation while continuing to make personal visits. He noted there are currently 231 children in foster care and 87 adults.

Vice Chairman Mulwee echoed Commissioner Brittain's words of appreciation for Burke County employees during this unprecedented time. He said WPCC faculty and staff have adapted to moving online and noted WPCC's graduation will take place on August 1.

County Manager Steen said he sent a memo to the Board regarding the proposed purchase of property for a convenience site in eastern Burke County. He said the Geotechnical Engineering Report on the property, which was reviewed by himself and the County Engineer, indicated that

the soil is not suitable for the potential intended uses; therefore, he will work with the County Attorney to inform the property owners that the County will not proceed with the purchase of the property.

J.R. Simpson, II, County Attorney, provided an update on projects he has worked on since the last Board meeting.

Chairman Carswell thanked Burke County's Incident Management Team, comprised of Rebecca McLeod, Health Director, Mike Willis, Fire Marshal/Emergency Management Director, and others who are working around the clock during the pandemic. He said they have done a great job ensuring information is getting out to the County in a timely manner. He then reminded everyone of the following upcoming events:

- May 19th -regular and/or special meeting at 6:00 p.m.
- May 22nd - budget meeting at 2:00 p.m.
- May 25th is Memorial Day and County offices will be closed.

- June 2nd - pre-agenda meeting at 3:00 p.m.
- June 4th - budget meeting at 2:00 p.m., if needed.

Chairman Carswell also reminded everyone to please spay/neuter their pets, to pick up litter, like the County on Facebook, and to please complete the 2020 Census because only 45 percent of Burke County citizens have done so. He said the Census means a lot of federal money for Burke County especially now. He further encouraged citizens to follow CDC (Centers of Disease Control) guidelines for COVID-19 and stay home or if anyone must go out, please wear a mask.

SCHEDULED PUBLIC HEARINGS

Subject Title: AAB - Ordinance Amending Chapter 6, Animals, County Code - Public Hearing - 6:00 P.M. (Place Holder)

Presented By: Debbie Hawkins, AAB Chair; Gwen Stephens, AAB Vice Chair and/or Bryan Steen, County Manager

Summary of Information: Amendments to Chapter 6, Animals, of the Burke County Code, are needed to transfer authority from Animal Control (Sheriff's Office) to Animal Services Enforcement (County Manager). Highlights of the proposed ordinance includes new definitions, expanded definition of abuse / neglect, a breeder's permit, addresses tethering, merged the exotic animals' section and enhanced requirements for dangerous dogs. The County Attorney reviewed the draft ordinance and the Animal Advisory Board (AAB) met on July 29, 2020 and will meet again on August 13th to consider any new changes proposed by the County Attorney on Aug. 11th, address any remaining concerns the County Attorney has and vote on the revised ordinance. The following materials are included in the agenda packet for reference and transparency, the current codified animal ordinance, the draft ordinance as of noon on Aug. 12th, emails from the County Attorney with suggested modifications and corresponding marked-up ordinance.

A public hearing is recommended. An effective date of September 21, 2020 is recommended for public outreach efforts and transition.

Budgetary Effect: None. Funding for ordinance codification and public hearing notice is included in the FY 20-21 budget.

County Manager's Recommendation: Approval is necessary for the transition of service provision from Animal Control to Animal Enforcement. However, the proposed unaltered pet voucher program was removed from the draft ordinance to avoid the additional workload that goes with issuing / tracking / paying vouchers. The desired goal will be addressed in July of 2021 by establishing a higher penalty fee for owners reclaiming unaltered pets beginning with the second time the unaltered animal is impounded. If that animal is ever impounded again and it has not been altered, then the penalty will significantly increase with each occurrence. The first time the unaltered animal is impounded, the owner must sign the reclamation form which clearly puts them on notice and the owner will receive educational materials on the benefits of spaying/neutering and information on local spay/neuter providers.

Suggested Motion:

1. **Hold a public hearing.**

2. **Adopt Ord. No. 2020-04 amending Chapter 6, Animals, of the Burke County Code of Ordinances, effective September 21, 2020.**

Sec. 6-7. - Dangerous Dog / Potentially Dangerous Dog

(2) An attack or biting upon any domestic animal or pet while said dog is off the owner's property.

(3) The destruction of or damage to property of another by such animal.

(4) The roaming or escape of any dog required to be restrained or confined to a secure enclosure.

(b) As used herein, unless the context clearly requires otherwise, and except as modified in subsection (c) of this Section, the term:

(1) *Dangerous dog* means

a. A dog that:

1. Without provocation has killed or inflicted severe injury on a person; or
2. Is determined by the person or Board designated by the County responsible for animal control to be potentially dangerous because the dog has engaged in one or more of the behaviors listed in subdivision (2) of this subsection.

b. Any dog owned or harbored primarily or in part for the purpose of dog fighting, or any dog trained for dog fighting.

Attachment: Draft Ordinance August 12 Noon (3130 : AAB - Ordinance Amending Chapter 6, Animals, County Code)

(2*) Potentially dangerous dog* means a dog that the person or Board designated by the County responsible for animal control determines to have:
a. Inflicted a bite on a person that resulted in broken bones or disfiguring lacerations or required cosmetic surgery or hospitalization; or
b. Killed or inflicted severe injury upon a domestic animal when not on the owner's real property; or
c. Approached a person when not on the owner's property in a vicious or terrorizing manner in an apparent attitude of attack.

(c) The provisions of this ordinance do not apply to:

(1) A dog being used by a law enforcement officer to carry out the law enforcement officer's official duties;

(2) A dog being used in a lawful hunt;

(3) A dog where the injury or damage inflicted by the dog was sustained by a domestic animal while the dog was working as a hunting dog, herding dog, or predator control dog on the property of, or under the control of, its owner or keeper, and the damage or injury was to a species or type of domestic animal appropriate to the work of the dog; or

(4) A dog where the injury inflicted by the dog was sustained by a person who, at the time of the injury, was committing a willful trespass or other tort, was tormenting, abusing, or assaulting the dog, had tormented, abused, or assaulted the dog, or was committing or attempting to commit a crime.

(d) Burke County has designated that the Burke County Animal Enforcement Supervisor shall be responsible for determining when a dog is a "potentially dangerous dog". The Burke County Animal Enforcement Supervisor making the determination that a dog is a "potentially dangerous dog" must:

(1) Notify the owner in writing, giving the reasons for the determination, before the dog may be considered potentially dangerous under this section.

(2) The owner may appeal the determination by filing written objections with the appellate Board within three business days.

Attachment: Draft Ordinance August 12 Noon (3130 : AAB - Ordinance Amending Chapter 6, Animals, County Code)

(3) The appellate Board shall schedule a hearing within 10 business days of the filing of the written objections.

(4) Any appeal from the final decision of such appellate Board shall be taken to the superior court by filing notice of appeal and a petition for review within 10 days of the final decision of the appellate Board. The appeal board will convene at the direction of the county board of commissioners or its designee. The appeal board is to be composed of five members appointed by the county board of health who shall serve three-year staggered terms. The appeal board shall be composed of at least one veterinarian licensed to practice veterinary medicine in the state and at least two members of the general public.

(f) Precautions against attacks by dangerous dogs.

(i) Leave a dangerous dog unattended on the owner's real property unless the dog is confined indoors, in a securely enclosed and locked pen, or in another structure designed to restrain the dog;

(ii) Permit a dangerous dog to go beyond the owner's real property unless the dog is leashed and muzzled with a well fitted basket muzzle or is otherwise securely restrained with a well fitted basket muzzle.

(2) If the owner of a dangerous dog transfers ownership or possession of the dog to another person (as defined in G.S. 12-3(6)), the owner shall provide written notice to:

Attachment: Draft Ordinance August 12 Noon (3130 : AAB - Ordinance Amending Chapter 6, Animals, County Code)

(i) The authority that made the determination under this Article, stating the name and address of the new owner or possessor of the dog; and

(ii) The person taking ownership or possession of the dog, specifying the dog's dangerous behavior and the authority's determination.

(3) Violation of this section is a Class 3 misdemeanor.

(Ord. No. 2017-08, § 6-4.3, 5-16-2017; Ord. No. 2019-11, 8-6-2019)

Sec. 6-8. - Requirements for attack training facility.

(a) It shall be unlawful for any person, group of persons, partnership, or corporation to conduct attack training at any location unless such training is conducted within a secure enclosure in the presence of the owner or trainer at all times.

(b) Any dog or animal trained or being trained in a mode of attack is deemed to be dangerous and is subject to all the provisions of this chapter related to dangerous dogs or dangerous animals.

(Ord. No. 2017-08, § 6-4.4, 5-16-2017)

Sec. 6-9. - Interference with enforcement.

(a) It shall be unlawful for any person to resist, obstruct, delay, interfere with, hinder or molest the Animal Services Staff, Animal Services Enforcement officers or veterinarians in the performance of any duty authorized by this chapter, or to seek to release any animal in the custody of such agents.

(b) It shall also be unlawful for any person to seek to release, attempt to release, or to release any animal in the custody of the animal services enforcement, whether it be in the dog box in the back of a truck or in a live trap or any other type of confinement device, except as otherwise specifically provided in this chapter. Anyone in violation of this section may be issued a civil citation of $100.00 for the first offense, and $300.00 for each following offense.

(c) It shall be unlawful for any person to file a false report with Animal Service Enforcement or to provide false information to an officer involving any investigation of any reported violation of this chapter. Any person found

Attachment: Draft Ordinance August 12 Noon (3130 : AAB - Ordinance Amending Chapter 6, Animals, County Code)

violating this provision shall be guilty of a Class 3 misdemeanor and shall be fined not more than $500.00.

(d) It shall be unlawful for any person to repeatedly file frivolous or unfounded complaints with Animal Services Enforcement in order to intimidate or harass any member of the department, animal owner, business owner or rescue group. Any person found violating this provision shall be guilty of a Class 3 misdemeanor and shall be fined not more than $500.00.

(Ord. No. 2017-08, § 6-5, 5-16-2017; Ord. No. 2019-11, 8-6-2019)

Sec. 6-10. - Handling of stray or abandoned animals.

(a) It shall be unlawful for any person, without the consent of the owner or keeper, knowingly and intentionally to harbor, feed, keep in their possession by confinement or otherwise, any animal that does not belong to him, including strays or abandoned animals, unless he has, within 24 hours from the time such animal came into his possession, notified the Burke County Animal Services Department. This allows animal services to have a record of the animal and its location in the event the owner or keeper calls or visits the Animal Services Center in search of the animal.

(b) It shall be unlawful for any person to intentionally remove or destroy an electronic collar or other electronic device placed on a dog by its owner to maintain control of the dog.

(c) Any animal at large that is seized, impounded, and confined in the Animal Services Center, after the mandatory 72-hour hold, may be adopted, transferred to an approved rescue or euthanized pursuant to procedures of the Burke County Animal Services Department and applicable state law.

(d) Impoundment of such an animal shall not relieve the owner or keeper thereof from any penalty which may be imposed for violation of this chapter.

(e) Any animal seized and impounded that is badly wounded or diseased and has no identification may be euthanized pursuant to procedures of the Animal Services Department. If the animal has rabies or is suspected of having rabies, the body shall be disposed of in accordance with applicable state regulations. If the animal has identification, animal services shall attempt to notify the owner or keeper before euthanizing such animal; in any event, and except as may be otherwise provided by law, the Animal Services Department shall have no liability for euthanizing wounded or diseased animals when such action is taken in accordance with G.S. 19A-32.1(b)(2), which is applicable when "the animal is seriously ill or injured, in which case

Attachment: Draft Ordinance August 12 Noon (3130 : AAB - Ordinance Amending Chapter 6, Animals, County Code)

the animal may be euthanized before the expiration of the minimum holding period if the director of the animal services department determines, in writing, that it is appropriate to do so. The writing shall include the reason for the determination." *This was in the ordinance passed 2017 and we have a question about why Animal Services would need to wait 72 hours before euthanizing an animal that is seriously injured.*

(f) If a stray animal is not claimed within 72 hours of the date of impoundment, the animal shall become the property of the county and be made available for adoption as allowed by this chapter. Owner-surrendered animals may be made available for immediate adoption. When attempting to locate a lost pet, the public may view every animal held at the Animal Services Center anytime the Center is open to the public. If the Animal Services Center is housing animals that must be kept apart from the general public for health reasons, public safety concerns, or in order to preserve evidence for criminal proceedings, the Animal Services Center shall make reasonable arrangements that allow pet owners to determine whether their lost pets are among those animals.

(g) The Animal Services Director may allow an approved rescue group or the individual who found an animal to serve as a foster in the event the animal requires extensive or ongoing veterinary care and the group or individual has expressed a desire to seek treatment and assume all financial responsibility.

When conditions make it advisable, the Animal Services Director may allow other animals to be fostered during the 72-hour holding period, so long as such is done in compliance with NCGS §19A-32.19(d) and (e).

(h) Notification of the Animal Services Department applies to the following:

(1) Animal Services must be notified of all stray or abandoned animals prior to adoption or placement. Any person who gives away, sells, or allows an otherwise strayed or abandoned animal to be adopted without first notifying Animal Services shall have no authority over the animal and ownership shall remain with the previous owner to the extent the previous owner is able to be identified.

(Ord. No. 2017-08, § 6-6, 5-16-2017; Ord. No. 2019-11, 8-6-2019)

However, the Director shall have no vote on any matter coming before the board unless in the event of a tie due to a recused or absent member on a voting matter.

Attachment: Draft Ordinance August 12 Noon (3130 : AAB - Ordinance Amending Chapter 6, Animals, County Code)

Special meetings may be called by the chairperson or by a quorum of members upon 48 hours' notice. Attachment: Draft Ordinance August 12 Noon (3130 : AAB - Ordinance Amending Chapter 6, Animals, County Code)

(f) Any animal officially surrendered by the owner to Animal Services may be placed for adoption as authorized in this section. The writing shall include the reason for the determination." **This was in the ordinance passed 2017.** Advisory Board needs to review. Animal Services should have option to euthanize an animal that is seriously injured vs. suffering for 72 hours.

Attachment: Draft Ordinance August 12 Noon (3130 : AAB - Ordinance Amending Chapter 6, Animals, County Code)

Sec. 6-77. - Rescue requirements.

Approved rescue groups can pull animals from the County Animal Services Center. Pursuant to G.S. 130A-192(a), all animals are required to be held for an initial impoundment period of 72 hours. However, in the event that an animal is surrendered to County Animal Services, the animal may be released immediately. Following the initial impoundment period, animals will be held in the Animal Services Center and made available for rescue by an approved rescue group or adoption by the general public as long as the health and temperament of the animal determines that it is suitable for rescue or adoption. This determination will be made by the Animal Services Director and the decision will be final.

(1) Following the transfer of an animal to an approved rescue group, County Animal Services will require that the animal be provided with the appropriate care that includes, but is not limited to, spay/neuter, updated vaccinations, and health reconditioning (if needed), etc.

(2) Random audits will be performed by the Animal Advisory Board to ensure proper care and recordkeeping of all approved rescue groups. During each audit, two approved rescues will be selected for audit review and required to provide all documentation to evaluate the health and welfare of the animals as determined by the Animal Advisory Board.

If the audit shows an approved rescue group is not in compliance two times in two consecutive audits due to missing or incorrect documentation or refusal or failure to provide documentation, a warning will be issued, and the rescue given ten working days to produce additional documentation. If the rescue fails to produce requested documents or additional information to refute the audit, the Animal Services Director may suspend the rescue's permission to pull animals from the Animal Services Center. Time of suspension will be no less than six months. Re-evaluation of the rescue will be conducted by the Animal Services Director. A second violation will warrant a 12-month suspension, and any additional violations will mean permanent revocation.

(3) Suspended Rescue Appeals Process for Reinstatement

A rescue group may appeal this decision to the Board of Commissioners by written notice delivered to the Clerk to the Board within 3 business days after receipt of the Director's decision.

(4) Rescues must obtain and maintain nonprofit, tax-exempt status as a 501(c)(3).

Attachment: Draft Ordinance August 12 Noon (3130 : AAB - Ordinance Amending Chapter 6, Animals, County Code)

(5) In order to be considered for approval as an approved rescue group by County Animal Services, groups must submit the County Animal Services' rescue application, along with three letters of reference, one of which must be submitted by a state licensed veterinarian with preference given to rescues that can also provide references from other North Carolina-based animal shelters. County Animal Services will notify the applicant group of its decision to approve or deny the application. If the application is denied, County Animal Services will state any deficiencies that resulted in the decision to deny approval of the application.

(6) All adoptable animals are available on a first-come, first-serve basis. Priority will be given to adoptions by individuals over transfer to approved rescue groups or foster.

(7) To ensure that all information is recorded accurately and efficiently, County Animal Services will require that all interaction with approved rescue groups must be completed via email at animalservices@burkenc.org. All phone calls and in-person contact will be referred to the email address.

Sec. 6-77. - Rescue requirements.

Approved rescue groups are allowed to pull animals from county animal services. Pursuant to G.S. 130A-192(a), all animals are required to be held for an initial impoundment period of 72 hours. However, in the event that an animal is surrendered to county animal services, the animal may be released immediately. This determination will be made by the animal services director and the decision will be final.

If the audit shows an approved rescue group is not in compliance two times in two consecutive audits due to missing or incorrect documentation or refusal/failure to provide, a warning will be issued, and the rescue given ten working days to produce additional documentation. If the rescue fails to produce requested documents or additional information to refute the audit, the rescue's permission to pull animals from Animal Services will be suspended. Time of suspension will be no less than six months. Re-evaluation of the rescue will be conducted by the Animal Services Director. A second violation will warrant a 12-month suspension, and any additional violations will mean permanent revocation.

(3) Rescues must obtain and maintain nonprofit, tax-exempt status as a 501(c)3.

(4) In order to be considered for approval as an approved rescue group by county animal services, groups must submit the county animal services' rescue application, along with three letters of reference, one of which must be submitted by a state licensed veterinarian with preference given to rescues that can also provide references from other North Carolina-based animal shelters. County animal services will notify the applicant group of its decision to approve or deny the application. If the application is denied, county animal services will state any/all deficiencies that resulted in the decision to deny approval of the application.

(5) All adoptable animals are available on a first-come, first-serve basis. Priority will be given to adoptions by individuals over transfer to approved rescue groups or foster.

(6) To ensure that all information is recorded accurately and efficiently, county animal services will require that all interaction with approved rescue groups must be completed via email at animalservices@burkenc.org. All phone calls and in-person contact will be referred to the email address.

Dear Folks:

I am enclosing my proposed changes to the Amended Animal Ordinances. Most of them are marked on the document itself, which is attached. They should be self-explanatory. Where I have circled the first letter of a word, it means it should be capitalized for greater clarity.

Rebecca, my comments on the Dangerous Dogs and Potentially Dangerous Dogs definitions, and Section 6-7 in general, are reduced to this: before, we had a section called Dangerous Animals. It was broader than NCGS 67-4.1, et al., and included the Dangerous Animal Appeals Board. Does the Advisory Board believe that addressing dangerous animals through Section 6-7 and Section 6-6 (Inherently Dangerous Exotics) is adequate to protect the County? If so, eliminate Dangerous Animals from the definitions section, and make the changes circled in 6-7(e) and 6-8. If not, we should discuss further how to address dangerous animals that are neither dogs, exotics, or rabid.

Debbie, concerning your question, I am satisfied with the layout of the definition of Abuse/Cruelty and the further guidance in Section 6-4.

Thanks to you all for your patience. I may send a follow-up to explain my concerns with certain phrases or sections that are circled in my draft.

Dear Folks:

Here are my remaining concerns:

1. Definition of Exhibitor – Does this appear anywhere in the Ordinance beside the definition section? If not, now would be the time to get rid of it.

2. In Exotics, Section 6-6, it appears that we define some of our Exotics away. Some are native to NC, such as certain bears, wolves, alligators, pit vipers and coral snakes, and so would not be exotic and hence, not an inherently dangerous exotic. Perhaps change 6-6(b) to make (2) read: “Is native or indigenous to the State, but as a wild mammal or reptile, has the ability to kill or injure its owner or other persons.” Then eliminate (3) altogether.

3. A Puppy Mill is by our definition limited to dogs. Are any other animals expected to fall under this definition?

4. In 6-4(2)(l), it is an act of abuse or cruelty to not report a distressed, sick or injured domestic animal to 911. Are such matters typically reported to 911, or are we creating a higher standard of care for those who are not owners?

5. In 6-79(a), is an unaltered animal permit different from a breeder’s permit?

6. In 6-79(h), there needs to be an explanation of what differentiates a $100 fine from a $2,500 fine.

7. In 6-79(j), it was my understanding that 6-79 was to take effect as of 12-31-2021. As it reads now, 6-79 would be effective when adopted by the Commissioners, but would expire on 12-31-2021. Did I misunderstand?

8. In 6-79(l), there needs to be an explanation of what will bring a fine “up to” $500.

9. In 6-115, the definition of “cat colony” is different from the definition in 6-1. It should be one or the other.

10. In 6-131(a)(2), eliminate “when it has been proven through the legal process.” There is no automatic process for determining that an animal killed a human. Our Dangerous Dog Appeal Board, established by NCGS 67-4.1, only applies to determining Potentially Dangerous Dogs.

Attachment: JRS 8-11 Email Re Animal Ordinance 2 (3130 : AAB - Ordinance Amending Chapter 6, Animals, County Code)

11. The ordinance needs a definition of “poultry” for purposes of defining Domestic Animal or Domesticated Livestock. Chickens only? Turkeys, ducks, geese, guinea fowl too?

Thanks for your consideration.

Dear Folks:

This is basically a rewriting of the Burke County Animal Ordinance. There are 22 new or substantially re-worked provisions in the Definitions section alone. This was a massive undertaking, and you should be commended for all the time and effort you have put into this project.

Here are my comments concerning the changes to the Animal Ordinance:

1. "Standards of Care" should either be given its own Section number, or it should be moved to the Definitions section. If not it may be read as a preamble, a vision statement, or something similar and not part of the Ordinance.

2. "Abuse/Cruelty" should be redefined as those acts and omissions set forth in Section 6-3 of this Chapter.

3. "Animal Services Center" should be restyled "Animal Services Department." Animal Services Center" should only be used to refer to the Building in which animals are sheltered by the County.

4. "Animal Services Enforcement Officer" should have its own definition.

5. I have no problem with saying that the AS Director has final determination of animal service issues. She does unless appeal is taken to the Board of Commissioners, or to the dangerous animal appeal board.

6. "Backyard Breeders" should be "Backyard Breeder."

7. "Dangerous Animals" has been changed to "Dangerous Dog." There needs to be a definition of "Dangerous Animals" whether or not you keep a separate definition for "Dangerous Dog." Likewise, Sections 6-6, 6-7, and 6-9 all refer to dangerous animals, not just dogs.

8. In your definition of dangerous dog, you have replaced ". . . assaults, bites, attacks, or inflicts serious injury on a human being without provocation on public or private property . . ." with ". . . inflicted a bite on a person that results in broken bones or disfiguring lacerations or requires cosmetic surgery or hospitalization . . ." This greatly narrows down acts that would result in a

dog being tagged as a “dangerous dog,” much to the detriment of the public. For the safety of the public, this should be reconsidered.

9. Concerning exceptions to being a “dangerous dog” I have some changes in bold:

A dog shall not be deemed dangerous solely because it bites, attacks, or menaces:

a. anyone assaulting or threatening the owner**;**
b. **a person** trespassing on the owner’s property;
c. any person or animal that has provoked, tormented, or abused it;
d. **a person** committing or attempting to commit a crime; or
e. While protecting or defending its young **from another animal**.

10. In “Dealer or Broker” are you eliminating those people licensed by the USDA as a broker?

11. In “Hobby Breeder” the second sentence should be revised to read “A hobby breeder is one who breeds not more than twice a year.”

12. In “Hobby Breeder” the second sentence and the third sentence create two different definitions: one based on number of breedings and one based on number of animals produced. Go with one or the other.

13. In “Inherently Dangerous Exotic” you give the definition of the mammals listed in Section 6-4, but not the reptiles. I would define them both here, and omit repeating the definition in Section 6-4.

14. In “Owner’s Property” replace “animal control” with “Animal Services Enforcement.”

15. The definition of “Potentially Dangerous Dog” is the same as that for “Dangerous Dog.”

16. In “Puppy Mill” eliminate the phrases “Different than a ‘backyard breeder’” and “often deplorable.”

17. In Section 6-2(b), change “Animal Services Center” to “Animal Services Department.”

18. In Section 6-2(b)(5), change “Animal Services Center” to “Animal Services Department.”

19. In Section 6-2(b)(7), change “animal control division” to “Animal Services Department.”

20. In Section 6-3(1), eliminate the phrase “As may be amended,”.

21. You are showing two Sections 6-4, one entitled “Neglect” and one entitled “Exotic Mammals and Reptiles.”

22. In Section 6-4(1), eliminate the phrase “As may be amended,”.

23. In Section 6-4(1), replace “division” with “Animal Services Enforcement.”

24. In second Section 6-4(c), replace “Harborer” with “As used herein, a Harborer.”

25. In Section 6-5, in the first full paragraph, replace “classified” with “determined to be a dangerous animal by the Animal Services Director.”

26. In Section 6-5, “animal control” should be replaced with “Animal Services” in several places. The blank after “Sec.” should be filled in with “6-6,” and remove the phrase “or to any court of competent jurisdiction.”

27. In Section 6-73, eliminate subsection (d), as the County Manager does not want a fee provision.

28. In Section 6-74(2.5), replace “Animal Services Center,” or “Center,” with “Animal Services Department.”

29. In Section 6-77(2), the second sentence should be amended to read “If the rescue fails to produce requested documents or additional information to refute the audit, the Animal Services Director may suspend the rescue's permission to pull animals from Animal Services.”

30. In Section 6-77(5), add the following sentence: “A rescue group may appeal this decision to the Board of Commissioners by written notice delivered to the Clerk to the Board within 3 business days after receipt of the Director’s decision.”

31. Section 6-79 would outlaw unneutered dogs and cats over 6 months old, unless the owner obtained an annual Breeder’s permit from the County. Is this really what you were seeking to accomplish? The paperwork alone would be a nightmare. And again, the County Manager has rejected a fee provision.

32. Section 6-131 looks fine to me.

Thanks for all your hard work on this project, and I look forward to your responses.

SCHEDULED PUBLIC HEARINGS

Subject Title: Comm. Dev. - Zoning Map Amendment ZMA 2020-02 & Public Hearing - 6:00 P.M.

Presented By: Scott Carpenter

Summary of Information/Background:

REQUEST
Staff has received a rezoning application from Michael Heavner, on behalf of Brenda Alley to rezone a parcel of land totaling 14.02 acres. The request is to rezone the property from its current zoning of Industrial (IND) to the Residential Two (R-2) zoning district.

BACKGROUND AND SITE ANALYSIS
In 2008-09, Burke County undertook a Small Area Plan for the I-40 corridor. Within that plan various aspects such as demographics, transportation, infrastructure, public services, recreation, natural, cultural, and historic land uses were studied. The property subject to this rezoning is located approximately 0.4 mile from the Exit 113 I-40 Interchange and was part of the I-40 Corridor Small Area Plan. However, that plan did not address this parcel for whatever reason.

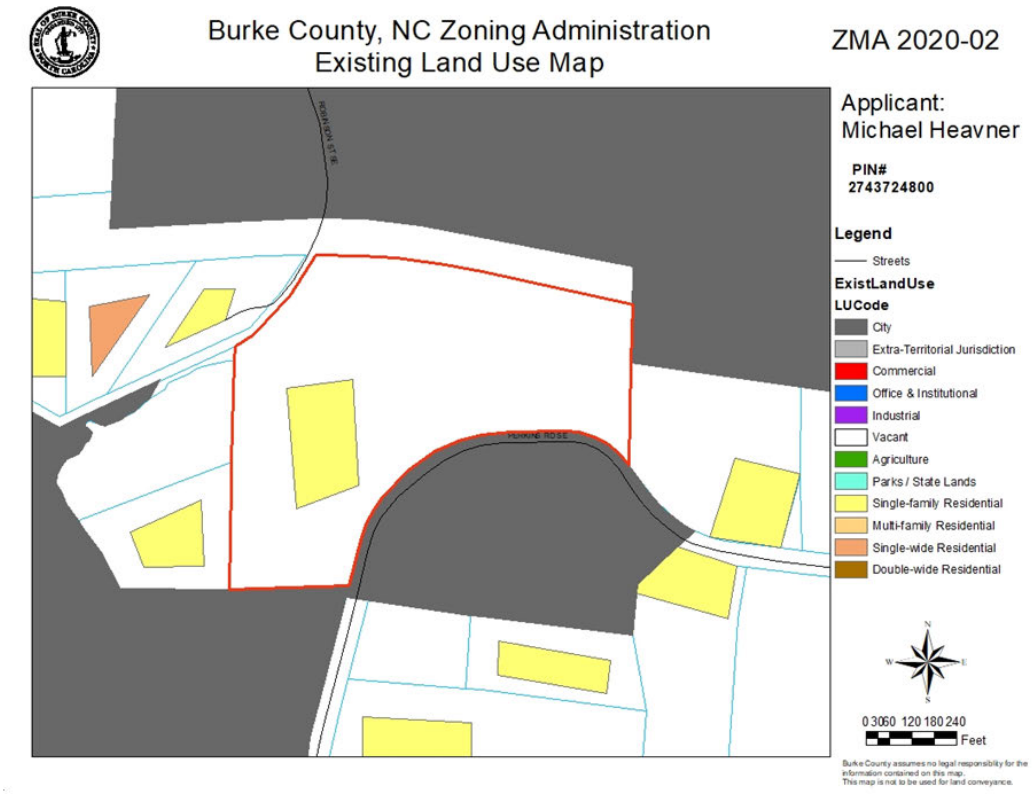
The parcel is described as follows: The parcel is further identified in county records as (**PIN# 2743724800 and REID# 10943**). The parcel has multiple 911 addresses. The property card uses the address of 648 Perkins Rd. SE Valdese, NC 28690. However, that address is incorrect. I have confirmed that three of the existing four addresses associated with that parcel no longer have residences. There is only one residence on the property, and it is associated with the 662-house number. Aside from the one residence, the property is mostly vacant land which is partially wooded. There is also a large open area which may be used for either agricultural or a hay field. The parcel is located within the Lovelady Township and Fire District of Burke County. The parcel is located within a WS IV-P Water Supply Watershed. Records indicate that the property can be served by public water and public sewer. The parcel has 940 linear feet of frontage on Perkins Rd. SE (SR# 1740). As previously mentioned, the parcel is located within the I-40 Overlay District.

SURROUNDING AREA
The parcel is partially bordered on all four sides by the Town of Valdese jurisdiction as indicated by the grey area shown in the Existing Land Use Map below. The subject parcel and several other adjoining parcels to the west are zoned Industrial. Those parcels are within Burke County's planning jurisdiction. The zoning to the north is the

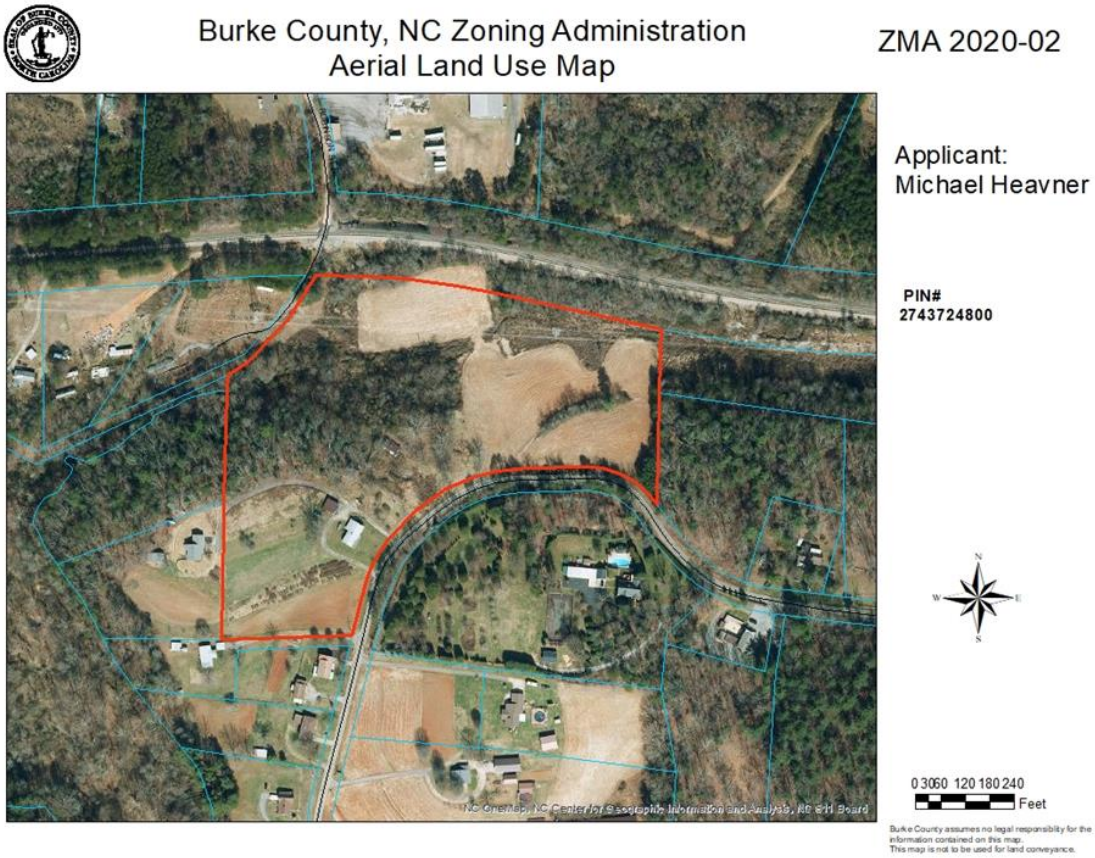
Town of Valdese M-1 Zone. The parcels to the south are Valdese's R-8 and R-12 districts. The parcels to the west are Burke County's Residential Two (R-2) District. All county zoning is also within the I-40 Overlay District.

Existing Zoning and Land Uses within the Surrounding Area		
	Current Zoning	Existing Land Uses
North	M-1 (Valdese)	Vacant land / Industrial
South	R-8/R-12 (Valdese)	Vacant land / Residential
East	Industrial (Burke)	Vacant land / Residential / Industrial
West	R-2 (Burke) / R-8 (Valdese)	Residential / Vacant land

The Existing Land Use Map and the 2018 aerial photo also provide a visual representation of the existing land uses in the area. The current Zoning Map shows where the current zoning districts are located.



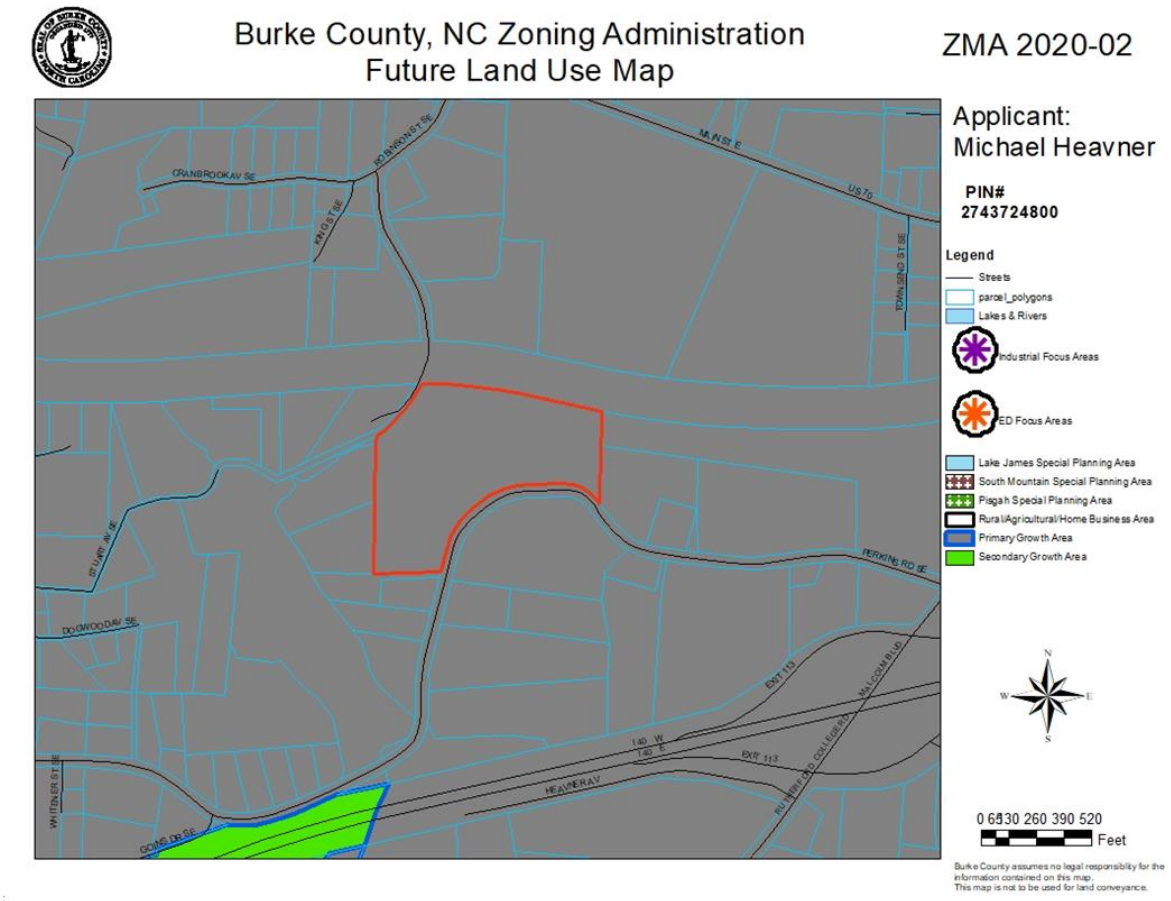
The Existing Land Use Map above shows this property mostly vacant with a small area of residential use on it. Other county zoned parcels are similar in nature. The Aerial Land Use Map (below) depicts several additional residences on the subject property which are no longer in existence. The image below also shows the railroad line running east/west which borders the northern property line. Further to the north is a manufacturing facility within Valdese jurisdiction. The image also indicates the residential uses in the surrounding area.



CONFORMITY WITH THE COMPREHENSIVE PLAN

The current land use plan for Burke County is the 2016-2030 Blueprint Burke Strategic Land Use Plan. The parcel is located in the “Primary Growth Area”, (see map below). Primary Growth Areas are located within and directly adjacent to existing municipal corporate limits. Primary growth areas are areas of existing development and should have easy access to infrastructure, utilities, and transportation corridors such as Interstate 40 and US 70. These areas contain a mixture of residential, commercial, and industrial land uses. Higher density development can be anticipated in these areas.

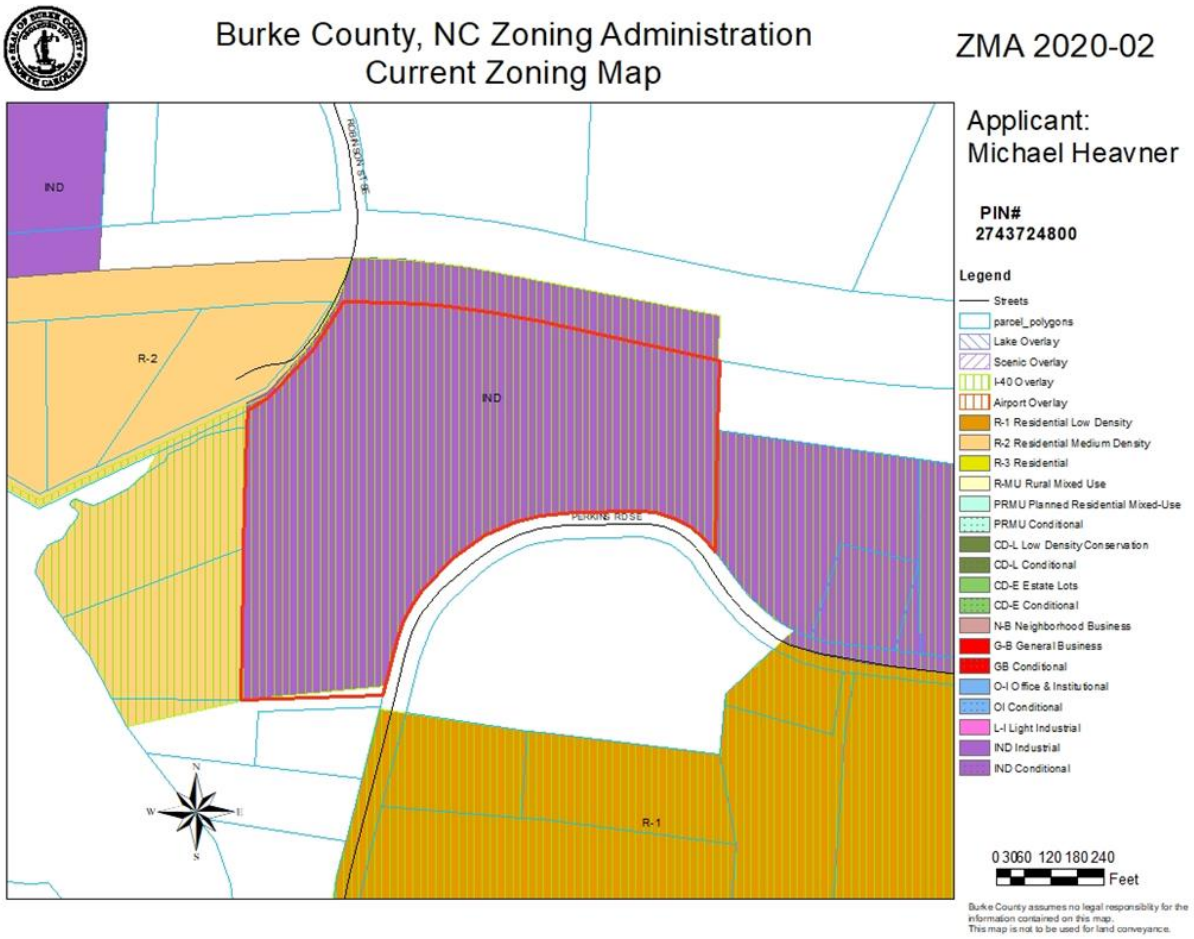
Residential uses are scattered within the surrounding area. Commercial and/or industrial development is located mainly along the Exit 113 I-40 interchange and north of the railroad line.



CONFORMITY WITH THE BURKE COUNTY ZONING ORDINANCE

As stated earlier, the "current" zoning district for this parcel is Industrial (IND). This is understandable since the parcel is relatively large (14 acres) and the property has access to both public water and public sewer. These attributes along with its close proximity to I-40, make this parcel conducive to industrial development.

The "proposed" Residential Two (R-2) District would be appropriate for this area since there is existing R-2 adjacent to the subject property. The Current Zoning Map (below) shows the zoning for the subject parcel and surrounding area. The R-2 Residential District is very similar to the R-1 district. However, this district also allows multi-section mobile homes and multi-family housing options. Having public water and sewer available, make this parcel very attractive to major subdivision development. There is not an abundance of "county" zoned properties that have access to those public utilities. The minimum lot size requirement is ½ acre per lot, and therefore the parcel could accommodate a moderately dense residential project.



STAFF COMMENTS:

Although, the subject parcel is currently zoned Industrial, the predominant land use in the surrounding area is residential. The current zoning could support industrial uses due to the public utilities, however, an industrial use of this land could have an adverse impact on the surrounding residential properties. One of the main potential impacts would come from the use of Perkins Rd. by large, possibly 18-wheeled trucks. Perkins Rd. is just a two-lane local road. If an industry were to develop this property, travel along Perkins Rd. up to this location, would dramatically change.

Though no specific development of the property is known, staff would recommend approval of rezoning the property to Residential Two (R-2) for the reasons mentioned above.

PLANNING BOARD RECOMMENDATION:

The Planning Board met on June 25, 2020 to hear this rezoning request. At the meeting there was one member of the public present to speak. The citizen voiced his support for the proposed rezoning. His residence is located on property across the street from the subject parcel and he has always been worried that an Industry would develop the property and harm his property value. After hearing from staff, the

applicant, and the citizen, the Planning Board closed the public comment portion of the meeting. The Chairman asked if the Board had any questions. There were no questions posed and Michael Cultrera made a motion to approve the rezoning. Dorian Palmer seconded the motion. The chairman asked for a vote of the full Board and the Board voted 6-0 to recommend approval of ZMA 2020-02.

STATEMENT OF CONSISTENCY:

A statement on plan consistency must be explicitly approved by the Board at the time a zoning amendment decision is made. The statement must be more than a one-sentence conclusion. It must both describe plan consistency or inconsistency and it must explain the rationale of the decision. The statement is to take the form of one of the three options noted above.

ADDITIONAL INFORMATION:

Please refer to the attached application, driving directions, and map(s) for more information.

Budgetary Effect: N/A

County Manager's Recommendation: Approval is recommended.

Suggested Motions:

1. **Receive presentation.**
2. **Hold a public hearing.**
3. **Suggested Motions: To adopt an Ordinance (No. 2020-05) amending the Official Burke County Zoning Map as it relates to ZMA 2020-02.**
4. **Adopt zoning consistency statement.**

   The proposed zoning map amendment can be considered consistent with the purposes, goals, and objectives of the Burke County Strategic Land Use Plan and Zoning Ordinance and is reasonable and in the public interest because:

   - **The proposed Residential Two (R-2) zoning is consistent with adjacent zoning and existing development within this area.**
   - **There is an existing residential dwelling on the subject property which is currently inhabited.**
   - **There is public support for the parcel to be rezoned to a residential district.**

Planning Board Recommendation and Statement of Plan Consistency

Zoning Map Amendment (ZMA 2020-02)

The Burke County Planning Board recommends "Approval" of the proposed rezoning request because:

- The proposed zoning reclassification is consistent with the purposes, goals, objectives, and policies, of the adopted land use plan, and other plans for the physical development of the County as adopted by the Board of Commissioners.
- The proposed zoning reclassification is compatible with the overall character of existing development in the immediate vicinity of the subject property;
- There is adequate public facilities and services to serve the subject property, including but not limited to; roadways, police and fire protection, storm water drainage systems, water supply, and garbage services; and
- The proposed zoning reclassification will not adversely affect a known archeological, environmental, historical, or cultural resource.

RATIONAL FOR DECISION

The subject property has a residential dwelling on it. Rezoning the property to the Residential Two Zoning District would be consistent with the existing residential zoning (R-2) and the existing residential land uses within the area. There was one present to speak *in favor* of the proposed rezoning at the June 25, 2020 public meeting.

Agenda Abstract

CONSENT AGENDA

Subject Title: Sheriff - Law Enforcement Legal Consultants

Presented By: Steve Whisenant

Summary of Information: Since 2001, Smith Rodgers has been providing North Carolina law enforcement agencies 24-7 real-time legal support. Their live Call Center is manned around-the-clock.

Smith Rodgers is providing services to many Sheriffs and municipal agencies in the vicinity of Burke County, including the McDowell Sheriff's Office, Caldwell Sheriff's Office, Avery Sheriff's Office, Alexander Sheriff's Office, Iredell Sheriff's Office, Rutherford Sheriff's Office, Catawba Sheriff's Office, Rowan Sheriff's Office, Cabarrus Sheriff's Office, Wilkes Sheriff's Office, plus Police agencies from Hickory PD to Granite Falls PD, Forest City PD to Biltmore Forest PD, and so forth.

Their law enforcement services are telephone-based (a typical consult is 10-20 minutes in length), they merely supplement the services provided by conventional county and city attorneys. Smith Rogers does not make court appearances or serve as litigation counsel. They are fully insured and will provide a Certificate of Insurance upon request.

Budgetary Effect: $23,835 of remaining restricted funds from the dissolved Narcotics Task Force will be utilized for this expense as funding for this service was not included in the FY 20-21 budget.

County Manager's Recommendation: Approval is recommended.

Suggested Motion: To approve a contract between the Burke Co. Sheriff's Office and Smith Rodgers for 24-7 legal support in the amount of $23,835 using fund balance from restricted law enforcement funds.

SMITH RODGERS, PLLC

A Professional Limited Liability Company

Contract to Retain Smith Rodgers PLLC for 24-Hour Law Enforcement Legal Support

Agreement made by and between the **Burke County Sheriff's Office (**hereinafter the "Client") and Smith Rodgers PLLC; (hereinafter the "Attorneys" or "SR").

SECTION ONE
PURPOSE AND NATURE OF EMPLOYMENT

In recognition of the legally-intensive and high-consequence nature of police supervisory decision-making, the Client employs the Attorneys to provide state-of-the-art "24/7" legal consultation services in support of the performance demands placed upon modern professional law enforcement organizations operating in an increasingly complex justice system. Under this contract, consultation provided to the Client by the Attorneys will generally pertain to "real-time" or "tactical" legal needs arising under either of two circumstances:

(1) Criminal investigations for which real-time police decision-making requires or may be enhanced by the judgment and intervention of skilled police counsel, and with the objective of maximizing the ultimate admissibility of criminal evidence or probability of a successful court prosecution;

(2) Legal uncertainty arising as the result of any other law enforcement tactical situation, law enforcement response incident, or law enforcement circumstance for which imminent police action or supervisory-level decision-making may expose the Client, its agents and employees, to civil liability risk.

By the terms of this contract, the Attorneys shall be available for real-time law enforcement legal consultation 24-hours a day, 365 days a year, without absence or leave for holiday, sick time, "day off," or other interruption of service (barring extraordinary and unforeseen circumstances). The Attorneys shall be prepared for continuous availability for the immediate and real-time consultation needs of the Client, to include maintaining law enforcement legal subject matter expertise as well as continuous telephone access, maintaining access to essential legal resource materials at all times (including while "away from the office"), and by taking such other and further steps as may be expeditious in meeting the "continuously on call" demands of the Client's reasonable expectations under this contract.

As necessary to keep 24/7 tactical legal fees affordably priced for all agencies, the parties agree as follows: This legal services contract is for the Client's "real-time" or "tactical" legal questions only. Examples of real-time tactical questions are as set forth on the firm's website (see homepage, "**Sample Client Calls**" www.policehelp net). Tactical legal questions do *not* include such matters as on-site legal training, policy revision projects, review or drafting of legal instruments, time-intensive research projects, negotiation of conflicts or strategies with outside counsel, filing motions or briefs, litigation or court appearances, management of subpoena objections, travel, or conferencing. Additional legal services can be billed or paid by separate agreement or "proposed invoice" upon agreement with client.

Client requests for tactical real-time legal services will be handled by the Attorneys <u>without limitation</u>, regardless of the number of such requests received, their complexity, or the day of week or time of day such requests are initiated. These requests for service will be handled in real-time by the Attorneys around-the-clock. In all cases, Client's telephone calls to the SR 24-hour response line, regardless of nature, will be handled immediately by a qualified SR Attorney. [The term "Attorney" as used in this Agreement may in some instances include a specially-trained paralegal working under the supervision of an attorney.]

Legal consultation shall generally be by telephone. In the event of a legal consultation need for which the Client desires assistance, the Client shall contact the SR 24-hour switchboard and thereupon inform the receptionist of the general nature of the legal issue. The SR receptionist shall immediately "call out" (page) the designated attorney(s)

Attachment: Burke Sheriff 247 Tactical Services (3114 : Law Enforcement Legal Consultants)

who will immediately contact the Client at the phone number provided.

The Attorneys undertake to provide legal consultation and advice consistent with prevailing legal standards, not necessarily the Client's internal policy and procedure. The Client will conform the legal advice provided to more restrictive internal policy and procedure should such be necessary or appropriate in the judgment of the Client.

The parties agree that law enforcement legal inquiries not requiring real-time analysis, including matters that can be more leisurely or effectively referred to the offices of district attorneys, attorneys general, or city/county attorneys (etc.), should ordinarily be directed to those offices for resolution in accordance with their standard operating hours and practices. The parties agree and understand that such "coordination of services" is for the universal benefit of all SR law enforcement Clients statewide, and serves to keep SR "emergency lines open" while ensuring that 24-hour police consultation services remain practical, affordable, and cost-effective.

In recognition of the importance of the law enforcement command structure, the Attorneys and Client agree that it may be advisable for officers to first attempt to resolve legal uncertainties with an immediate supervisor prior to seeking to initiate services under the contract. Further, Chiefs and Sheriffs in their judgment may elect to designate a specific command level threshold (such as Lieutenant or Captain) through which authorization must be granted in order to initiate services under the contract. The parties agree and understand that the consultation services provided under the contract are principally for the Chief/Sheriff and command staff. Officers working in special assignments or functions (such as CID, civil process deputies and execution specialists, narcotics investigators, youth division detectives, etc.) may be granted permission to initiate services without the intervention or approval of a supervisor. The parties agree that this Agreement is not an employment contract, and that the Attorneys are not and will not be employees of the Client.

SECTION TWO
LIMITATION OF REPRESENTATION

The parties understand and agree that the Attorneys' services on behalf of the Client shall be limited to those activities delineated in Section One. It is expressly agreed that the Attorneys will not serve as trial counsel, or otherwise undertake to replace the services ordinarily available through the offices of city/county attorneys, district attorneys, or other government counsel offices operating on standard schedules.

And whereas the legal services to be provided under this contract may tend to be "emergency" in nature; and whereas the Client will ordinarily be seeking expedited if not instantaneous legal opinions to guide its prospective and imminent law enforcement actions, it is further acknowledged and expressly agreed by all parties that the attorneys will undertake to provide expedited legal opinions in such instances, and that the attorneys may and will formulate and communicate such legal opinions "on the spot" without the benefit of the incident-specific legal research opportunities and time-intensive deliberations and reflections customary in conventional private practice settings.

SECTION THREE
CONFLICT OF INTEREST

The Client and the Attorneys acknowledge that in the course of a given legal inquiry, the legal interests of the Client Agency and the legal interests of individual officer(s) may potentially conflict. In such circumstance the Attorneys will provide legal consultation that in their judgment will serve the best interests of the police agency Client. The Attorneys do not undertake to represent the legal interests of individual officers where the interests of officer(s) may be in conflict with those of the Client.

SECTION FOUR
ATTORNEYS' FEES

The Client agrees to pay the Attorneys, upon execution of this Contract, a fee of **Twenty-Three Thousand Eight Hundred and Thirty-Five Dollars ($23,835.00)** to assure that the Attorneys shall be available for the term set forth

Attachment: Burke Sheriff 247 Tactical Services (3114 : Law Enforcement Legal Consultants)

in Section Five below to provide the legal services and expertise set forth in Section One above. This fee constitutes the full sum payable by the Client for the term of services. This fee is not refundable, as it represents a fee for the Attorneys' continuous availability and expertise over the life of the Contract, and is not in the nature of a fee for specific services rendered. *[NOTE: The fee would be refundable if for any reason required by the Rules of Professional Conduct of the North Carolina State Bar.]*

SECTION FIVE
EFFECTIVE DATE/TERM

This Agreement shall be in effect for one year, beginning **August 1, 2020**, and ending **July 31, 2021**.

SECTION SIX
AVAILABILITY OF TELEPHONE SERVICE

The Attorneys will make reasonable efforts to ensure that they are available by telephone and pager as set forth in Section One above. Availability will include the occasional use of cellular phones as well as conventional landline phones. Cellular coverage may vary depending on location, terrain, atmospheric conditions, and equipment. The Attorneys undertake to avail themselves of the best cellular coverage and equipment possible, but cannot be responsible for coverage problems beyond their control. The Client approves the use of pagers and cellular phones under the terms of this Agreement, accepting these limitations and acknowledging that cellular communications may be intercepted by individuals with certain equipment. Client cell phones, if desired, are provided by Client at Client's expense.

SECTION SEVEN
TERMINATION

Either party to this contract may, at any time, terminate the services described in Section One, upon notice to the other party. In such event, the parties agree that the Attorneys shall return to the Client a pro-rata share of the retainer fee described in Section Four above, based on the portion of the term of this contract then remaining. The pro-rata refund will be calculated based on the number of days remaining in the contract.

SECTION EIGHT
NOTICE

Any notices required under this contract shall be in writing and shall be deemed to have been duly served if delivered in person to the party for whom it is intended, or if delivered at or sent by registered or certified mail to the business address of the person for whom it is intended, as specified in this Agreement. Subject Title: Sheriff - Request to Reinstate Part-Time Background Investigator Position

Presented By: Steve Whisenant

Summary of Information: The Sheriff's Office is requesting $30,000 to contract with a retired investigator to conduct background investigations for detention applicants. The same program funded by the Commissioners in FY 19-20 worked well.

As of July 16, 2020, the Burke County Jail had 19 vacancies consisting of 7 unfilled vacancies and 12 new detention officer positions allocated for FY 20-21. A comprehensive background investigation takes, on average, 40 hours to complete. These investigations focus on criminal, financial, physical, and mental health areas. Given the job requirements and responsibilities of a detention officer, a thorough investigation is extremely important.

The Sheriff's Office is currently assigning background investigations to our criminal investigation division supervisors whose duties are already demanding. The significant number of investigations needed to fill 19 vacancies would add an undue burden and have a negative impact on our current supervisors to perform their duties.

Without knowing how many detention officer positions would be allocated for FY 20-21, these funds were not requested in the current budget.

Budgetary Effect: Funding for this position is not included in the current budget and only $16,000 was spent on this position last year.

County Manager's Recommendation: Funding should come from within the Sheriff's existing budget for FY 20-21. An appropriation of General Fund, Fund Balance is NOT recommended as requested by the Sheriff.

Suggested Motion: To reinstate position No. 1949, effective August 24, 2020 utilizing up to $30,000 of lapse salaries from the jail budget.

Subject Title: Tax Dept. - Release Refund Report for July 2020

Presented By: Danny Isenhour

Summary of Information: Releases in value and/or refunds of taxes typically occur when:

- Taxpayers submit information that creates a reduction in value.
- Situs is corrected between counties and/or municipalities.
- Valuation appeals reduce the value for real or personal property.
- The postmark reveals a payment was timely sent.

The Board of Commissioners is presented with the following list of releases and refunds for consideration. The Net Release is a result of the Report Amount minus the Rebilled Amount.

Tax System Refunds and Releases				
	Report Amount	**Rebilled Amount**	**Net Release**	**Refund Amount**
Releases (TR-304)	$84,727.86	$75,213.87	$9,513.99	$936.48

VTS Refunds Over $100	
	Refund Amount
VTS Adjustments	0.00

*Note: The net loss amount is a result of the report amount minus the rebilled amount.

**Note: Releases look extremely high, but when bills are created in July the system releases pre-pay bills and rebills them as regular bills. This is a system accounting process.

Budgetary Effect: None.

County Manager's Recommendation: Approval is recommended.

Burke County DSS,

I am writing to recommend Nancy Wood to serve as a member of the Burke County Board of Social Services. Nancy is a valuable member of our Early Head Start team serving as Program Coordinator for Burke County bringing energy, insight and solid planning and follow through to our programs. I have known Nancy for more than four years and have been impressed by her dedication to the children and families in our Early Head Start program and the Burke County community. She continually works to help families to build their capacity through accessing needed resources and providing education about best practices in child development so families will have the knowledge and tools to provide a stable, healthy environment for their children.

Nancy holds a master's degree in social work from UNC-Chapel Hill. She has also gained a wealth of knowledge through her experience. She has worked in many areas of community social services including six years as the director of Big Brothers/Big Sisters in Burke County, and in various other social work positions involving community members of all age groups since 2001.

She is familiar with many aspects of the Department of Social Services and is appreciative of the hard work and dedication the Burke County DSS maintains to provide much needed services for our community members. She would be an asset as a member of the DSS Board in Burke County.

Sincerely,

Lisa Dean

Agenda Abstract

Meeting Date: August 18, 2020

ITEMS FOR DECISION

Subject Title: CM - Courthouse Wall Repair & Approval of Modifications to Amended Lease Agreement - $15,000

Presented By: Bryan Steen

Summary of Information: In June, the Board approved a lease amendment for the Courthouse square property the County leases to the City to accommodate the City's plan for an amphitheater. The amendment included $10,000 for repairs to the rock wall around the Courthouse. However, as of July 27th, the City has not signed the amendment. The City solicited bids for the repair work which total $75,000 for several affected areas. Based on the City Manager's handwritten note provided in the agenda packet, the City's portion would be $60,000 and the County's part would be $15,000.

At the pre-agenda meeting, there was a consensus of the Board to:

1. Increase the amount for the rock wall repair work to $15,000 and to amend the amended lease agreement approved in June 2020 to reflect the increased amount.
2. Continue to provide half of the funding for future maintenance/repair work on the rock wall and to amend the amended lease agreement approved in June 2020 to reflect the same.

Excluding the County from any liability issues (damages) that may occur as a result of construction of the City's entertainment center was also discussed at the pre-agenda meeting as well as the City's intent to approve the revised lease amendment on August 13, 2020. The revised lease amendment was not available at the time of agenda distribution. However, the version that was approved in June is provided for reference.

Budgetary Effect: An appropriation of $15,000 of General Fund, Fund Balance is necessary to accommodate the City's request.

County Manager's Recommendation: Approval is recommended.

Suggested Motion: To appropriate up to $15,000 of General Fund, Fund Balance for repair of the rock wall around the Courthouse square and approve the aforementioned modifications to the lease amendment approved in June 2020.

Attachment: Description of Repairs to Rock Wall at Courthouse Square Project (3129 : CM - Courthouse Wall Repair)

July 29, 2020

RE- Description of Repairs for the rock wall at the Courthouse Square Project

The City Engineer, Mario Sclarandis P.E. and Development and Design Services Staff met with Mr. Jeff Mcgee a local stone mason on Wednesday, July 1st 2020 to discuss the necessary repairs to the existing rock wall around the Courthouse Square as part of the overall improvements for the Courthouse Square Project. This meeting occurred from the questions and comments from the Pre-bid meeting on Tuesday, June 23th, 2020 with General Contractors that were present. At the meeting it was suggested by the contractors that the City meet with a stone mason to identify what repairs needed to be done to the wall and that these should be placed in the bid as a lump sum amount as to keep all bidders equal on this item due to the unique requirements for this type of stone masonry work.

At the meeting with Jeff, he recommended that the stone wall on N Green St. should be completely re-built from the ground up and that the stones could be salvaged and reused. On the other two streets E Union St. and S Sterling St. the stone walls appear to be in better condition and that they could be repaired with (tuck point, re-mortar, repair/replace wall sections & caps). He stated that he would do some measurements and come up with an estimate for these two repairs that could be placed in the bid as bid items for the contractors to use. Approximately one week later, Jeff called with his estimates for these repairs. He had estimated the cost for the re-build of the N Green St. wall at approximately $45/ SF for $45,000.00 and for repair to E Union St. and S Sterling St. at approximately $25/SF for $30,000.00.

BURKE COUNTY

AMENDMENT TO LEASE AGREEMENT

THIS AMENDMENT to Lease Agreement (the "Amendment"), made and entered into this _____ day of June, 2020, by and between BURKE COUNTY, North Carolina, a body politic and corporate (the "County"), and the CITY OF MORGANTON, a municipal corporation ("Morganton");

WITNESSETH:

WHEREAS, the parties hereto entered into a Lease Agreement dated January 1, 2008 (the "Lease"), whereby Morganton leased the Burke County Courthouse property (as defined in the Lease) from the County for a period of twenty-five (25) years, with a renewal term of an additional fifteen (15) years; and

WHEREAS, Morganton has created a plan for the development of its property adjoining the Courthouse Property, which plan includes an amphitheatre and bathrooms on Morganton's adjoining property, and which has proposed certain steps beside the amphitheatre that would encroach on the Courthouse Property, all according to a document presented by Michael Berley of Morganton to representatives of the County at a meeting on the Courthouse Property on June 8, 2020, a copy of which is attached hereto (the "Plan"); and

WHEREAS, the Plan does not show or include any permanent building structures on the Courthouse Property, but does call for certain grading, removal of trees, and replacing of sidewalks as shown thereupon; and

WHEREAS, Morganton also desires to substantially repair the rock wall surrounding the Courthouse Property pursuant to the terms of the Section 10 of the Lease, which the County is willing to participate in, under certain terms and conditions;

NOW, THEREFORE, in consideration of the premises, and the mutual covenants contained herein, the parties hereto are agreed as follows:

1. APPROVAL OF PLAN. The Plan as presented by Morganton to the County at the meeting of their representatives on the Courthouse Property on June 8, 2020, is hereby approved by the County. The Plan does not include any permanent building structures on the Courthouse Property, but does include on the Courthouse Property the creation of steps beside the proposed amphitheatre, changes to sidewalks, certain grading and removal of trees. The improvements set forth in the Plan shall be at no cost to the County.

2. SOIL BORINGS. The two soil borings, as shown on the Plan, are hereby approved by the County. These shall be done at no cost to the County.

Attachment: Burke County - Morganton Amendment to Lease Agreement for Courthouse Square (3129 : CM - Courthouse Wall Repair)

3. REPAIR OF ROCK WALL. Morganton desires to make repairs to the rock wall surrounding the Courthouse Property, the estimated cost of which will be $20,000.00. The County agrees, pursuant to Section 10 of the Lease, that certain repairs are necessary and will contribute one-half of the cost of such repairs, up to $10,000.00. This contribution shall end the County's obligation to participate in repairs to the rock wall, and any future repairs shall be the sole responsibility of, and at the sole expense of, Morganton.

4. INSURANCE. The County shall have no responsibility for insuring any structures created by Morganton under the Plan, or any improvements made to the Courthouse Property. Morganton shall, at its own expense, keep those structures and improvements insured against any loss or damage by fire or casualty to the full extent thereof.

5. HISTORIC PROPERTY LIMITATIONS. Morganton warrants to the County that the improvements as shown on the Plan create no obligation to comply with any statute or rules, or obtain any prior consent of, any local, state or national authority insofar as the Courthouse is an Historic Property or being listed in the National Register of Historic Places, or being a part of the Morganton Downtown National Historic District, or being a local landmark. Morganton warrants that no Certificate of Appropriateness is needed for the improvements shown on the Plan. Should any restoration or other work be required because of violation of the foregoing, or any fines or costs be assessed, Morganton will indemnify and hold the County harmless for any such restoration expenses, fines or costs.

6. MAINTENANCE. All improvements set forth in the Plan shall be maintained by Morganton at its sole expense, and shall be properly maintained by Morganton in a good state of repair. No repairs required shall be subject to Section 9 of the Lease concerning County participation.

7. INDEMNITY AND HOLD HARMLESS. Morganton shall indemnify the County against, and hold the County harmless from all liability, loss, claims, damages, charges, liens, causes of action, or proceedings of every kind and nature in connection with the construction of the improvements set forth in the Plan, the use of said improvements by the general public, and any injury or death to any person or damage to property arising therefrom. This indemnification is in addition to, and not in place of, the indemnification provided in Section 6 of the Lease.

8. RESTATEMENT. As hereby amended, the Lease shall remain in full force and effect.

MINUTES OF REGULAR BOARD MEETING
Western Piedmont Regional Transit Authority (WPRTA) Board of Directors
Thursday, June 18, 2020 at 10:00 a.m.
Location: Greenway Conference Room,
1515 4th St. SW, Conover, NC 28613

Members Present: Rick French (Chair), Karen Dickerson, Mary Furtado, Donald Duncan, Stan Kiser, Randy Williams, Scott Carpenter*

Others Present: Camille Sterling, Jeff Blalock, Brian Horton (Clerk)*, Terry Taylor (Attorney)

*Attended by phone / participating remotely due to COVID-19 to limit number of persons gathering in accordance with Remote Participation Policy.

1. **Call to Order** – Mr. French called the meeting to order at 10:05 AM, announced a quorum was present, and welcomed all present.

2. **Finance**
   a. **Financial Report** – Mr. Blalock gave a brief overview of the WPRTA Operating Income/Expense Report for May. Mr. Blalock noted how reduced contract revenue had been offset by CARES Act funding. Total cash, as of June 15, 2020, was $2,360,433.53. No board action was required.
   b. **Memorandum of Understanding (MOU) – North Carolina School of Deaf (NCSD)** – Mr. Blalock explained that the NCSD serves as the bus facility for Burke County and that the lease for parking and rooms inside Hoffmeyer Hall was up for renewal. The initial proposal was for a one-year lease with two one-year extensions. Ms. Furtado suggested that since the lease document in the agenda was for a three-year term with a right to terminate each year that the document be approved as written. Mr. French called for a motion to approve the MOU. Upon a motion by Ms. Furtado and a second by Mr. Duncan, the Board unanimously approved the MOU attached to the agenda.
   c. **Continuity of Operations Plan (COP)** – Mr. Blalock noted the Plan had no significant changes since last month. Mr. Williams asked about ridership. Mr. Blalock responded that demand-response ridership was down by 70%. Mr. French called for a motion to approve the COP. Upon a motion by Ms. Furtado and a second by Mr. Duncan, the Board unanimously approved the COP.

3. **Title VI Plan** – Ms. Sterling noted that Plan is updated every three years. Ms. Sterling explained that updates include adding the Safe Harbor law and changing the address from Atlanta to Washington DC for complaints. Mr. French called for a motion to approve the update. Upon a motion by Ms. Furtado and Mr. Duncan, the Board unanimously approved the Title VI Plan Update.

4. **Authority Update** – Ms. Sterling shared the latest version of NC House Bill 77, which would eliminate SMAP and ROAP funding next Fiscal Year. Ms. Sterling noted this may result from confusion over how CARES Act funding may be used, even though that federal aid would possibly help partially offset the potential loss of SMAP and ROAP. Ms. Sterling described to the Board the resulting deficit possible if the Bill becomes law. Mr. Blalock shared the concern if SMAP and

Attachment: Item_5a_Greenway Minutes 06.18.2020 (3133 : BOC Reports & Comments)

ROAP are not later restored, once CARES Act funding runs out, then this effectively eliminates these programs. Ms. Sterling reported she would participate in the North Carolina Public Transportation Association call later today, and then send out to the Board a call to action with contacts, so Board Members may contact local legislators to request this be reinstated. Ms. Sterling shared that the bus vehicles Request for Proposals received three vendor responses, all of which were above the budgeted cost. Ms. Sterling explained that WPRTA would be back with a proposal next month and may need to combine funding sources. No board action was required.

5. **Burke Routes** – Ms. Sterling noted the results from the recent Burke Steering Committee, which recommended renewing the contract for a full two years at reduced service levels. Ms. Sterling noted that a service plan and contract would come back to the board next month. No board action was required this month.

6. **Consent Agenda** – Mr. French called for a motion to approve the two items on the consent agenda, which were the April 16, 2020, Board Minutes, plus the members, alternates, new officers, and terms of the officers extended two years respective to each office of Chair Rick French and Vice Chair Donald Duncan. Upon a motion by Mr. Duncan and a second by Mr. Hovis, the Board unanimously approved the Consent Agenda, including the new officers and terms.

7. **Discussion of Items removed for the Consent Agenda-** None

8. **Public Comment-** None

9. **Other Business-** None

10. **Closed Session** – Mr. French called for a motion to go into Closed Session to discuss the performance review of the Executive Director. Upon a motion by Ms. Furtado and a second by Mr. Duncan, the Board unanimously approved going into Closed Session for personnel matters. Mr. French called for motion to go back into Open Session. Upon a motion by Ms. Furtado and a second by Mr. Duncan, the Board unanimously approved going back into Open Session at 10:40 AM.

11. **Adjournment** – The next board meeting will tentatively be Thursday, July 16, 2020 at 10:00 am. Mr. French called for a motion to adjourn. Upon a motion by Mr. Duncan and a second by Ms. Furtado, the Board voted unanimously to adjourn at 10:40 AM.

Approval of Minutes
A motion to approve the minutes from May 28th, 2020 was made by Johnny Berry and seconded by Tonia Stephenson. Motion carried.

Financial Reports
Kerri mentioned beginning work on the upcoming 2020-2021 audit. She highlighted a couple of items on both the P&L and Balance Sheet. Starting with the P&L Kerri mentioned how our bank interest has grown, however due to the deferrals granted to those businesses in need, Interest income on Loans is down, which was expected. Through May we are showing a Net Profit of $140,672.57. Moving to the Balance Sheet, assets are essentially the same. Sherry Long questioned how much funding was available less reserves approximately $650,000 was available. Pulled down $20,000 of ARC Grant funds, used for emergency loans to clients.

Delinquent Report
This report has been updated reflecting the deferrals in place due to current situation (COVID). Riot Millworks amount of $4 was an oversight. Silver Fork and Simply Green are coming off a deferral and will be current next month. Cohesion will be back current as her payments are generally later in the month. Boot Tapas will be current next period.

The Valdese Town Council Appointments
Seth Eckerd announced the approval by the Valdese Town Council for Suzanne Wallace the new WPCC SBC Director to be appointed for a 3-year term. Nancy Page was approved to move to a full board member for a 3-year term.

Nomination of '20-'21 Officers

Special Thanks
Kerri Poteat thanked Rick McClurd and Kevin Fredrick on behalf of VEDIC for their continuous years of service 3-terms totaling 9 years. Rick and Kevin gave gracious and supporting comments about their time with VEDIC and the positive affects it has had on our communities.

Approval of '20-'21 Administrative Budget
Kerri Poteat presented the proposed Budget for the '20-'21 fiscal year (please see the full detailed budget in the agenda packet.) Noted was an increase in the Credit Report Fee from $25 to $50 and a change in the Town of Valdese from $25,000 to $20,000 due to the stability of VEDIC and the continued In-Kind commitment from the Town. No raises were requested for staff. A stipend of $340.00 for Kerri and Eddie to cover the extra administrative work was proposed. Discussion continued and it was decided to make the stipend $500.00 for the next 6 months and at that time the Board would reassess the workflow. Motion to approve as amended was made by Kevin Frederick and seconded by Kenneth Geathers, Motion carried.

Technical Assistance Update
Chuck Moseley reported on the survey provided to our clients that did not ask or need loan deferrals and generally were not expected to adversely be affected by the Covid 19 shut down. He found generally that some of these had some minor changes, some their business increased, and most are adapting to a new normal. Wisdom Path made changes to accommodate Tele – Health services and recovered from the lack of office visits.
Eddie McGimsey mentioned an uptick in new loan inquires and will report on the quarter at the next board meeting.

Loan Modifications and Discussion
Super Saver was discussed as Rick had requested that his loan balance be forgiven after the proceeds of the rental property has been applied (balance left approx. $37k) to the loan balance. After discussing, in general the board felt that this balance should not be forgiven as setting a precedence for other loans. The land lots will continue to be held as collateral and Kerri will present to Rick a lower payment plan that will fit his budget and provide a continued payment to the loan to Super Saver. A motion to approve this decision was made by John Branstrom and seconded by T.R. Robinson. Motion carried.

Homer's Soda Shop has requested to roll their emergency loan of $10,000 into a term loan with their other VEDIC loan even though they received PPP funding. They stated the PPP money could not be used to pay off the loan and that currently due to reduced income they were unable to pay off this loan. The motion to approve this new loan was made by John Branstrom and seconded by Kevin Frederick, Motion carried.

Unfinished Business
Short discussion of position on CFP (Chuck's Family Pizza) about serving foreclosure papers from Marc Mitchell's office, no update, still waiting to hear back.
ARC Grant Sherry Long provided an update that we did receive one ARC-ACC grant for $40,000 to help cover VEDIC administrative expenses. The other ARC grant was denied as we have not spent down the initial ARC grant. We truly appreciate Sherry Long and all her efforts.

Foothills Regional Airport Authority
Minutes
Stated Meeting
June 24, 2020
Via ZOOM

PRESENT: Those members present were: Wayne Abele, Chairman and Board members: Jeff Branch, Joe Gibbons, Butch McSwain, Denny Pearson, Bob Pruett, and Charles Thomas. Also present were: Brent Brinkley, Airport Manager; Derek Brown, Assistant Manager; Norm Sherwood, Accountant; Pat Turney, Engineer; and Louis Vinay, Attorney.

CALL TO ORDER: The meeting was called to order by the Chairman at 12:00 Noon.

Because of the COVID-19 State-of-Emergency, this meeting was conducted remotely by ZOOM teleconference. All of the Board members and others present as listed above confirmed by audible statement their presence and their ability to both hear and be heard.

AGENDA: Upon motion by Gibbons, seconded by Branch, and passed unanimously, the Agenda was adopted as presented.

APPROVAL OF MINUTES:

Upon motion made by Pruett, seconded by McSwain, and approved unanimously, the Minutes of the February 26, 2020 Stated Meeting were approved as presented.

FINANCIAL REPORTS:

Norm Sherwood presented the financial reports through the month of May 2020. From the cash report, he noted that the Airport had been “fairly consistent” throughout the time of the pandemic. As of June 27, 2020, we have a total of $1,265,021 in the accounts, and this is after paying large fuel bills, and two large payments to Talbert Bright Ellington, which were offset by grant payments received from NCDOT.

Attachment: airport minutes 6-24-2020 (3133 : BOC Reports & Comments)

As to the budget report, Norm observed that the Airport had been “pretty steady” and had seen an uptick in revenue in May. He also projected that June should be a “fairly decent” month. Year-to-date through the month of May, we are actually doing “a little better” than the previous year, despite the reduction in sales revenues. During May, we received the first invoice for the taxi lane/access road paving. Total expenses year-to-date, aside from the grants, are only up about $10,000.

Upon motion by Gibbons, seconded by Pruett, and passed unanimously, the financial reports were accepted as presented.

BUDGET AMENDMENTS:

Norm Sherwood noted that jet fuel revenue has been about $6,000 greater than anticipated, and other revenue was increased by about $7,500. Further, the grant revenue and expenditures total about $830,000. Operational expenses have also increased in line with the increased revenues. Therefore, the proposed budget amendment would simply reflect more revenue and equally more expenses.

Upon motion by Pruett, seconded by Pearson, the Board unanimously passed a budget amendment for the 2019-2020 fiscal year, increasing revenues and also expenses by $843,500 each.

BUDGET ORDINANCE FOR FISCAL YEAR 2020/2021:

Norm Sherwood reported that estimated revenues and expenses remain at the level of $731,937, as reflected in the tentative budget proposal presented to the Board at the February meeting.

There being no further discussion, a motion was made by Pruett, seconded by Pearson and passed unanimously to adopt the Budget Ordinance for Fiscal Year 2020/2021, providing for estimated revenues of $731,937 and estimated appropriations of $731,937.

Attachment: airport minutes 6-24-2020 (3133 : BOC Reports & Comments)

FBO REPORT: Derek Brown presented the FBO report, noting that accounts receivable are well in line, with none over 60 days old, and that construction was now underway on the taxi lane/access road, so that some hangar tenants have been temporarily displaced.

Through April, AvGAS sales are down about 8% and Jet A sales are down about 9%. However, May and June have been "pretty strong", so it is possible that we will catch up close to the previous year's level. The COVID-19 emergency has not really impacted FRAA business very much. Many of our local customers have found they actually have more time to fly, and therefore are making more use of our services. Meanwhile, hangar rents were increased 10% effective April 1, 2020, as previously planned.

PUBLIC COMMENTS:

There were no public comments.

OLD BUSINESS:

(a) Taxiway/Taxi Lane/Access Road. Pat Turney reported that construction on the taxi lane/access road began May 18, 2020 and is proceeding well.

Concerning the planned taxiway extension, we are now trying to finish up with the Army Corps of Engineers concerning the possible relocation, or alternatively piping, of the existing stream. Current estimates are that the total cost to pipe the stream, with a projected payment to the so called "Mitigation Bank", would be about $12,000,000. By comparison, the estimated cost of actually relocating the stream and closely monitoring water quality for a period of five (5) years, would be approximately $11,000,000. Talbert Bright recommends that the Board adopt the first option of piping the existing stream, even though it is slightly more expensive, because if that is done there will be

Attachment: airport minutes 6-24-2020 (3133 : BOC Reports & Comments)

no requirement for any ongoing monitoring, nor any warranties, after completion of the work. A decision will be made on this matter in the near future.

(b) New T-hangars. Pat Turney reported that we are still awaiting the State's comments on the so called "90% plans". Due to the severe revenue loss suffered by NCDOT during the COVID-19 emergency, they will not approve or enter into any new contracts unless entirely funded by federal money. Therefore, the T-hangar projects will have to go on hold for a while.

NEW BUSINESS:

Brent Brinkley reported that Steve Ashley has retired, but that he would appreciate any contact from Board members or others. He and Derek observed that Steve has been a very faithful and valuable employee.

Also, Brent Brinkley noted that the Airport is eligible for some federal COVID-19 relief funds and will be applying for those funds soon.

NEXT MEETING: The Chairman announced that the next stated meeting date is set for July 29, 2020 at 12:00 Noon. The Board will be notified well in advance whether this will be a "live, in person" meeting, or whether it will again have to be conducted by ZOOM teleconference.

There being no further business, the meeting was adjourned by the Chair at 12:45 p.m.

Based on public comments and local government collaboration, two local projects, one new in Hickory and one modified in Burke County had been removed from the TIP list. Mr. Horton added that other projects listed matched recent amendments by the NC Board of Transportation. Upon a motion by Mr. Hodge and a second by Mr. Guess, the TAC unanimously approved the TIP amendments.

PRESENTATIONS

FY20 Communicable Disease Report

Cindy Hasson, Communicable Disease Nurse, reported to the Board about COVID-19. We are currently at 497 cases and have 16 associated deaths in Burke County. We also have several outbreaks in the county as well as several residents associated with outbreaks in other surrounding counties. The Health Department staff is calling all patients with test results daily. The Health Department also continues to test daily. The State is in the process of training more people to help with contact tracing. We will be getting five (5) contact tracers who are bi-lingual to help with the Hispanic population. The Hispanic population has been difficult because they do not give correct information such as names, phone numbers or addresses. All positive cases are also entered into the North Carolina Electronic Disease Surveillance System (NCEDSS). The NCEDSS is monitored daily. Cindy also informed the Board that we also have three (3) active TB cases as well as a Hep A outbreak. It is a requirement for the Health Department to give a Communicable Disease Report to the Board of Health once a year.

BOARD DISCUSSION ITEMS

FY21 Budget Update

Rebecca informed the Board that the Commissioners will meet on June 16th to vote on the budget. Margaret Pierce, County Finance Director, talked with Rebecca about some minor changes in the budget, but Rebecca is satisfied with what was left. Hopefully, it will be voted on with no additional changes on the 16th.

COVID-19 Information

Rebecca shared with the Board that since the State is beginning to open back up and has lessened the requirements for testing, we are able to test more people. We are testing up to 50 people a day and running normal clinics. The staff is working hard. At first, we saw COVID in Long Term Care facilities and now we are seeing Community Spread. The Community Spread has been more in the Hispanic population. Rebecca also shared that the State recently changed the guidance saying that outbreaks are not two (2) or more especially in occupational settings it is five (5) or more who are linked (cluster outbreak). COVID continues to spread within our community due to people continuing to gather in large groups in close contact and for longer periods of time. Positive individuals within the community are both symptomatic and asymptomatic. Rebecca also shared that the industries in our county have been very cooperative to work with. The Board had several discussions about various community settings where COVID was. They also discussed different outreach efforts for the Hispanic community. Commissioner Carswell also shared that the Unified Command still meets daily at 3:00 p.m. The group discusses objectives to see where we are in the county. He also shared that Burke County had received money from the State for COVID. The money will have to be spend by the end of the year.

Staff requested the Policy Board to review the plan online and provide feedback. No formal action by the Board is needed at this time.

Utility Allowance Changes for Section 8 Housing Program and Increase in Applicable Payment Standards

Ms. Stephanie Hanvey, Regional Housing Authority Director, presented proposed changes for the Section 8 Housing Program utility allowance. A Regional Housing Authority (RHA) established utility allowance schedule is used in determining the family share and PHA subsidy. The RHA must maintain a utility allowance schedule for (1) all tenant-paid utilities, (2) the cost of tenant-supplied refrigerators and ranges, and (3) other tenant-paid housing services such as trash collection. The utility allowance schedule must be based on the typical cost of utilities and services paid by energy-conservative households that occupy housing of similar size and type in the same locality.

In developing the schedule, the RHA must use normal patterns of consumption for the community as a whole and current utility rates. The utility allowance must include the utilities and services that are necessary in the locality to provide housing that complies with housing quality standards. Costs for telephone, cable/satellite television, and internet services are not included in the utility allowance schedule.

The RHA must review its schedule of utility allowances each year, and must revise the schedule if there has been a change of 10 percent or more in any utility rate since the last time the allowance for that utility was revised. The RHA must maintain information supporting its annual review of utility allowance and any revisions made in its utility allowance schedule. In June of 2017, the RHA released Request for Proposals for the Utility Allowance Study. David Simms & Associates Consulting Engineers was awarded the bid for five years. The third year review has been completed and we need to change most of our utility rates. Staff would like to make this change in utility allowances effective June 1, 2020.

HUD has published an increase in the new Fair Market Rents for 2020. Payment standards for efficiency, one, two, and three bedroom units need to be increased to help make those units more affordable for our tenants. Many prospective tenants have been unable to find affordable housing and must submit numerous requests before being approved. Landlords are complaining because there is an enormous amount of paperwork involved with the normal request process and the denials are causing them to have to submit paperwork several times.

The RHA was awarded an additional 96 new Mainstream Vouchers that began in January 2020. Increasing the payment standards would allow the RHA to fully utilize the new vouchers and assist more families by making housing more affordable. The goal of the RHA is to help as many families as possible in the community while maximizing the funding that HUD allows. The board has been provided the increase in the payment standards for approval.

Staff requested that the Policy Board approve both the proposed Section 8 Utility Allowance changes and the increase in the applicable payment standards to become effective June 1, 2020.

Ms. Jill Patton made a motion that the Board approve the both the Section 8 Utility Allowance Changes and the increase in the applicable payment standards to become effective June 1, 2020 as proposed. Ms. Kitty Barnes offered a second. A roll call vote was called by Chair Floyd.

2nd Reading and Adoption of the FY 2020-2021 Budget

Mr. Anthony Starr, Executive Director, presented the 2nd Reading of the 2020-2021 Budget reflecting a total budget of $20,525,409 and an operating budget of $6,548,599 which represents an increase of the total budget from the March 24th, 2020 budget amendment of approximately 7% or $1,498,489.

The 2nd Reading of the 2020-2021 Budget highlights include:

- 57 full and part-time staff positions
- A WPCOG dues rate increase by $.10 per capita per the board approved 3-year plan. The dues were approved by the Board in January.
- Financial Administration Services for four local governments and one local non-profit.
- Town Planning Services for 12 local governments.
- Code Enforcement Services for 9 local governments.
- Administration of two new urgent repair projects and one single family rehabilitation project. These programs account for large contractual increase.
- Several new building reuse projects for the Economic Development portion of the budget.
- A small decrease for Environmental Protection due to a decrease in anticipated carryover funds (committed fund balance).
- An increase within the Aging budget of $44.901 to reflect actual grant award amounts.
- An anticipated increase of 8% for health insurance. Staff is working through plan design and insurance provider options to avoid a larger increase.
- An increase within the contingency lines of $65,429 due to new project revenues being allocated for future use in FY21 budget.
- Approximately $137,424 in anticipated contracts for FY21. The unfunded areas at this point are within the Community Development budget.
- A 3.25% average increase for staff salaries subject to availability of funds. WPCOG staff increases occur in January of each year and management will evaluate funding availability later in 2020 before implementing pay increases. Because the pay increases take effect for only six months in the FY21 budget, it represents a 1.625% increase from current salary levels.

Attachment: PB Minutes 05262020 (3133 : BOC Reports & Comments)

- An increase of $1.238 million in the Special Revenue Funds for Aging to reflect the additional funding received from the Families First and CARES acts.

The revenues for several program areas include funds already received for projects that will continue in FY21. This creates the effect of temporarily increasing the fund balance at the end of the current fiscal year and decreasing fund balance by an equal amount in FY21. These are reflected as committed fund balance in the financial statements (audit).

There is significant uncertainty concerning changes to funding for various programs. The Executive Committee and Policy Board should expect amendments to the budget in the coming weeks and months as conditions change. It is expected that revenues will increase in some programs while decrease in other areas. Overall, no reductions in staff are currently expected and adding staff positions is possibly needed to accomplish additional work.

The Executive Committee held the required public hearing on May 21st, 2020. There where no public comments received. Staff requests the Policy Board review and adopt the attached budget ordinance.

Mr. Johnny Berry made a motion that the Policy Board adopt the budget ordinance and FY 2020-2021 Budget as presented. Ms. Jill Patton offered a second. A roll call vote was called by Chair Floyd.

Sec. 6-1. - Definitions.

Abuse / Cruelty means those acts and omissions set forth in Sec. 6-4 of this Chapter.

Adequate feed means access to and the provision of food which is sufficient quantity and nutritive value to maintain each animal in good health; is accessible to each animal; is prepared so as to permit ease of consumption for the age, species, condition, size and type of each animal; is provided in a clean and sanitary manner; is placed so as to minimize contamination by excrement and pests; and is provided at suitable intervals for the species, age and condition of the animal, but at least once daily, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species.

Adequate shelter means provision of and access to shelter that is suitable for the species, age, condition, size, and type of each animal; provides adequate space for each animal; is safe and protects each animal from injury, rain, sleet, snow, hail, direct sunlight, the adverse effects of heat or cold, physical suffering, and impairment of health; have enough shade to protect itself from any direct sunlight that is likely to cause overheating or discomfort; is properly lighted; is properly cleaned; enables each animal to be clean and dry, except when detrimental to the species; and, for dogs

and cats, provides a solid surface, resting platform, pad, floor mat, or similar device that is large enough for the animal to lie on in a normal manner and can be maintained in a sanitary manner. Under this chapter, shelters whose wire, grid, or slat floors (i) permit the animals' feet to pass through the openings, (ii) sag under the animals' weight, or (iii) otherwise do not protect the animals' feet or toes from injury are not adequate shelter.

When an animal is tethered, adequate space means a tether that permits the above actions and is appropriate to the age and size of the animal; is attached to the animal by a properly applied collar, halter, or harness configured so as to protect the animal from injury and prevent the animal or tether from becoming entangled with other objects or animals, or from extending over an object or edge that could result in the strangulation or injury of the animal; and is at least three (3) times the length of the animal, as measured from the tip of its nose to the base of its tail, except when the animal is being walked on a leash or is attached by a tether to a lead line. When freedom of movement would endanger the animal, temporarily and appropriately restricting movement of the animal according to professionally accepted standards for the species is considered provision of adequate space.

Adequate water means provisions of and access to clean, fresh, potable water of a drinkable temperature which is provided in a suitable manner, in sufficient volume, and at suitable intervals appropriate for the weather and temperature, to maintain normal hydration for the age, species, condition, size and type of each animal, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species; and is provided in clean, durable receptacles which are accessible to each animal and are placed so as to

Sec. 6-77. - Rescue requirements.

Approved rescue groups can pull animals from the County Animal Services Center. Pursuant to G.S. 130A-192(a), all animals are required to be held for an initial impoundment period of 72 hours. However, in the event that an animal is surrendered to County Animal Services, the animal may be released immediately. Following the initial impoundment period, animals will be held in the Animal Services Center and made available for rescue by an approved rescue group or adoption by the general public as long as the health and temperament of the animal determines that it is suitable for rescue or adoption. This determination will be made by the Animal Services Director and the decision will be final.

(1) Following the transfer of an animal to an approved rescue group, County Animal Services will require that the animal be provided with the

Draft

appropriate care that includes, but is not limited to, spay/neuter, updated vaccinations, and health reconditioning (if needed), etc.

(2) Random audits will be performed by the Animal Advisory Board to ensure proper care and recordkeeping of all approved rescue groups. During each audit, two approved rescues will be selected for audit review and required to provide all documentation to evaluate the health and welfare of the animals as determined by the Animal Advisory Board.

If the audit shows an approved rescue group is not in compliance two times in two consecutive audits due to missing or incorrect documentation or refusal or failure to provide documentation, a warning will be issued, and the rescue given ten working days to produce additional documentation. If the rescue fails to produce requested documents or additional information to refute the audit, the Animal Services Director may suspend the rescue's permission to pull animals from the Animal Services Center. Time of suspension will be no less than six months. Re-evaluation of the rescue will be conducted by the Animal Services Director. A second violation will warrant a 12-month suspension, and any additional violations will mean permanent revocation.

(3) Suspended Rescue Appeals Process for Reinstatement

A rescue group may appeal this decision to the Board of Commissioners by written notice delivered to the Clerk to the Board within 3 business days after receipt of the Director's decision.

(4) Rescues must obtain and maintain nonprofit, tax-exempt status as a 501(c)(3).

(5) In order to be considered for approval as an approved rescue group by County Animal Services, groups must submit the County Animal Services' rescue application, along with three letters of reference, one of which must be submitted by a state licensed veterinarian with preference given to rescues that can also provide references from other North Carolina-based animal shelters. County Animal Services will notify the applicant group of its decision to approve or deny the application. If the application is denied, County Animal Services will state any deficiencies that resulted in the decision to deny approval of the application.

(6) All adoptable animals are available on a first-come, first-serve basis. Priority will be given to adoptions by individuals over transfer to approved rescue groups or foster.

Draft

(7) To ensure that all information is recorded accurately and efficiently, County Animal Services will require that all interaction with approved rescue groups must be completed via email at animalservices@burkenc.org. All phone calls and in-person contact will be referred to the email address.
