

Beginning May 11th - Burke County Senior Centers in Morganton and Hildebran will open by appointment only for Medicare SHIP counseling, Information and Referral Services, and limited computer access. All other activities, classes and programming have been canceled until further notice.

This action follows Gov. Roy Cooper's executive order restricting public gathering sizes and prioritizes the health and safety of our senior participants. Future updates will be listed on the Burke County Government website and our FACEBOOK page.

Veterans Services will also open May 11th by appointment only. Please contact our Veterans' Services Officer by calling (828) 439-4376.
